Articles

- Callus Induction and Efficient Regeneration from Recalcitrant of *Indica* Rice Varieties  
–*Nayan Tara, Anita Devi and Ashok Chaudhury* ...121-126
- Callistemon viminalis* : A Plant with Industrial Potential  
–*Nikhil Mehta and Raman Saini* ...127-133
- Expression of Cloned *dapB* Gene of *Pseudomonas aeruginosa* in *E. coli* BL 21  
–*Nayan Tara and Rupinder Tiwari* ...134-136
- Efficient Production of Indole-3-Acetic Acid by Abiotic Stress Tolerance Clusterbean [*Cymopsis tetragonoloba* (L.) Taub.] Rhizobia Isolated from Semi-arid Regions of Haryana, India  
–*Subha Dhull and Rajesh Gera* ...137-140
- Direct Shoot Regeneration from Unfertilized Ovaries in Heterotic Maize Hybrids HQPM-1 and HM-5  
–*Parveen Batra, Pushpa Kharb, Subhash Kajla and R. S. Hooda* ...141-145
- Yield and Economics of Singlecut Fodder Sorghum [*Sorghum bicolor* (L.) Moench] Genotypes as Influenced by Different Fertility Levels  
–*Archana Yadav, Pushpendra Singh, H. K. Sumeriya, B. R. Ranwah, N. S. Devra, Arvind Verma, S. K. Dhaka, Ratnesh Kumar Dubey and R. C. Dhaker* ...146-149
- Effect of Various Sowing Dates and Seed Rates on Growth, Yield and Economics of Sorghum [*Sorghum bicolor* (L.) Moench] Genotypes  
–*L. R. Buldak, M. K. Kaushik, H. K. Sumeriya, B. Upadhyay, R. C. Dhaker and S. L. Golada* ...150-157
- Effect of *in situ* Moisture Conservation Practices on Environmental, Energetics and Economic Comparisons on Maize+Blackgram Cropping System in Dryland Ecosystem  
–*M. L. Jat, J. K. Balyan and S. K. Dadhich* ...158-163
- Effect of Various Sowing Dates and Seed Rates on Yield and Nutrient Realization by Sorghum [*Sorghum bicolor* (L.) Moench] Genotypes under Southern Rajasthan Conditions  
–*L. R. Buldak, M. K. Kaushik, H. K. Sumeriya and N. S. Devra* ...164-168
- Influence of Rotation and Source of Nutrients on Root Studies, Quality and Productivity of Finger Millet [*Eleusine coracana* (L.) Gaertn.]  
–*Pavankumar Goudar, B. K. Ramachandrappa, M. N. Thimmegowda, S. Sahoo and A. Sathish* ...169-173
- Impact of Conservation Agriculture on Growth and Development of Rice-wheat and Maize-wheat Cropping System in Western Indo-Gangetic Plains  
–*K. M. Choudhary, D. P. Nandal, M. L. Jat, J. S. Hooda and K. C. Verma* ...174-177
- Performance of Different Intercrops Sown in Barley with Replacement Series  
–*Mohammad Khalid Habib, A. K. Dhaka, Satish Kumar, Bhagat Singh and Neeraj Kumar* ...178-183

Study of Antagonistic Microorganisms to Minimize the Dry Root Rot Pathogen in Green House – <i>Bimla and V. K. Gaur</i>	...184-187
Study of Biochemical Changes viz., Total Sugars (Reducing and Non-reducing), Proteins and Phenols in Dry Root Rot Infected Groundnut Plant – <i>Pancham Arya, S. L. Godara, A. K. Meena and Bimla</i>	...188-192
Effect of Temperature and pH on Growth and Sporulation of <i>Colletotrichum capsici</i> Causing Die-back of Chilli – <i>P. P. Tripathi, P. C. Singh and Ramesh Singh</i>	...193-195
Nematodes Associated with Weeds and Wild Plants Growing on the Banks of Water Channel Bodies at CCS Haryana Agricultural University, Hisar, Haryana – <i>Chandramani Waghmare, Aarti Bairwa and Harish K. Bajaj</i>	...196-200
Comparative Study on Damage Potential of <i>Meloidogyne</i> Species and Races on Tomato Hybrids – <i>Anil Kumar, Parminder Singh and R. K. Jain</i>	...201-208
Effect of Rhizobacterial Isolates on Resistance Induction and Biochemical Composition of Indian Mustard due to Stem Rot Infection Caused by <i>Sclerotinia sclerotiorum</i> under Screen House Conditions – <i>M. S. Bochalya, Anil Kumar, A. S. Rathi, Kusal Raj, U. N. Joshi and Neha Wadhwa</i>	...209-214
Epidemiology of Soybean [ <i>Glycine max</i> (L.) Merrill] Web Blight Caused by <i>Rhizoctonia solani</i> Kuhn. – <i>N. K. Yadav and A. K. Saini</i>	...215-218
Assessment of Groundwater Quality of Ellenabad Block of Sirsa District, Haryana – <i>Mukarukunda Jeane, Sanjay Kumar, Rajpaul, Ram Prakash, S. K. Sharma and Satyavan</i>	...219-223
Effect of Nitrogen and Spacing on Nutrient Content of Tuberose ( <i>Polianthes tuberosa</i> L.) cv. Prajwal – <i>Sonu Sheoran, B. S. Beniwal, O. P. Dudi and Sheena Nain</i>	...224-227
Variation of Structural Carbohydrates in Cotton Genotypes Resistant and Susceptible to Sucking Pests – <i>Anamika, Jayanti Tokas, Anju Rani, Kamla Malik and H. R. Singal</i>	...228-232
Comparative Analysis of Antioxidant and Antifungal Activity of Two Varieties of Coriander ( <i>Coriandrum sativum</i> L.) – <i>Sushila Singh, Jayanti Tokas and Satya Shree Jangra</i>	...233-237
Knowledge and Adoption of Fish Farming Practices by Fish Farmers of Indian Himalayas : District Ganderbal (Kashmir) – <i>Gohar B. Wani, M. H. Balkhi, Sabina I. Darve, Tariq H. Bhat and Nasir Hussain</i>	...238-241
Effect of Cadmium, Lead and Sulphur Dioxide Exposure Individually and in Combination on Liver and Kidney Enzymes in Albino Rats – <i>Promilla Ahlawat and Vineeta Shukla</i>	...242-245
Distribution of Constitutive Heterochromatin in <i>Mus musculus</i> from Northern India – <i>Sunaina Dheeman, Rahul Jain and A. S. Yadav</i>	...246-248
Status of Severe Fenbendazole and Levamisole Resistance against <i>Haemonchus contortus</i> in Sheep – <i>Suresh Kumar and Satyavir Singh</i>	...249-252

Livestock Rearing–Sectorial Status and Fodder-Feed Strategies in Kashmir Himalaya – <i>Nazim Hamid Mir, Suheel Ahmad and D. K. Verma</i>	...253-259
Ethnoveterinary Practices and Use of Herbal Medicine by Pastoralists of Himalaya : A Review – <i>Suheel Ahmad, S. A. Gangoo, Sheikh M. Sultan and Meraju Din Dar</i>	...260-268
Thermal, Microstructural and Pasting Properties of Starch and Flour of Grain Amaranthus – <i>Ritu Sindhu and Bhupendar Singh Khatkar</i>	...269-273
Performance Evaluation of the Rotary Type Vegetable Washer for Satawar ( <i>Asparagus racemosus</i> ) – <i>Vijay K. Singh, Yadvika, D. K. Sharma, M. K. Garg and Kanika Pawar</i>	...274-278
Physico-chemical Characteristics of <i>Durum</i> Wheat Varieties – <i>Savita Rathi and Sudesh Jood</i>	...279-281
Development and Evaluation of Shiitake Mushroom ( <i>Lentinus edodus</i> ) Chutney – <i>Jyoti Singh and Sangeeta C. Sindhu</i>	...282-285
Development of Malted Sorghum-Mungbean-Banana Composite Flours – <i>Varsha Kumari and Sangeeta C. Sindhu</i>	...286-289
