**July 2016**

- 
- 17-28** Drying kinetics of frozen oyster mushrooms (*Pleurotus ostreatus*). E. H. OHACO, L. VALIENTE, B. ICHIYAMA AND A. DE MICHELIS

Suitable postharvest techniques are fundamental for marketing oyster mushrooms. The authors studied the drying process of frozen *Pleurotus ostreatus* using mathematical models, and data will be useful for southern Argentina.
