

THE JOURNAL OF
**Horticultural
& Science
Biotechnology**

- 211 Physiological responses of two grapevine (*Vitis vinifera* L.) cultivars to Cycocel™ treatment during drought
S. Abdi, N. Abbaspur, S. Avestan and A. V. Barker
- 220 Exploiting Illumina sequencing for the development of InDel markers in watermelon (*Citrullus lanatus*)
G. Liu, J. H. Xu, M. Zhang, P. F. Li, X. F. Yao, Q. Hou, L. L. Zhu, R. S. Ren and X. P. Yang
- 227 Transcriptome profiling reveals differentially expressed genes associated with wizened flower bud formation in Chinese pear (*Pyrus bretschneideri* Rehd.)
Ya Liu, Hu Ping Zhang, Chao Gu, Shu Tian Tao, Dong Sheng Wang, Xian Ping Guo, Kai Jie Qi and Shao Ling Zhang
- 236 *In vitro* propagation of GF677 hybrid rootstock (*Prunus persica* × *Prunus amygdalus*) from mature cotyledons
M. R. Arab and A. Shekafandeh
- 243 Determination of optimal harvest boundaries for 'Ambrosia' apple fruit using a delta-absorbance meter
John M. DeLong, Peter A. Harrison and Lisa Harkness
- 250 Comparative transcriptome analysis of female and hermaphrodite flower buds in bitter melon (*Momordica charantia* L.) by RNA sequencing
T. K. Behera, A. R. Rao, R. Amarnath and R. R. Kumar
- 258 Induction of viable 2n pollen in sterile Oriental × Trumpet *Lilium* hybrids
J. R. Luo, P. Arens, L. X. Niu and J. M. van Tuyl
- 264 Comparison of nine reference genes for real-time quantitative PCR in roots and leaves during five developmental stages in carrot (*Daucus carota* L.)
Guang-Long Wang, Chang Tian, Qian Jiang, Zhi-Sheng Xu, Feng Wang and Ai-Sheng Xiong
- 271 Abscission-related genes revealed by RNA-Seq analysis using self-abscising apple (*Malus × domestica*)
S. Heo, J. H. Hwang, J. H. Jun and H. J. Lee
- 279 Effect of green tea extract powder on the vase-life of fresh-cut rose (*Rosa hybrida* L.) 'Carola' stems
Liang Yu Wu, Hui Xiao, Wen Jing Zhao, Ping Sun and Jin Ke Lin
- 285 RETRACTED ARTICLE: Genetic inheritance and identification of a resistance gene analogue polymorphic (RGAP) marker linked to *Chilli veinial mottle virus* resistance in chilli (*Capsicum annuum* L.)
P. Naresh, M. Krishna Reddy, P. Hema Chandra Reddy and K. Madhavi Reddy
- 292 Cloning of Ceylon olive (*Elaeocarpus serratus* L.) using conventional methods
R. Raji and E. A. Siril
- 299 Development of molecular markers for genetic and physical mapping of the *PcDw* locus in pear (*Pyrus communis* L.)
C. H. Wang, W. Li, Y. K. Tian, D. L. Hou and M. D. Bai
- 308 The correlation between WYABBY5 expression and the ontogeny of tricarpellate fruit in 'Xiangfei' grapevine (*Vitis vinifera*)
J. Y. Xing, L. Lu, T. J. Wen and J. F. Hu
- 316 Effect of methyl jasmonate on reactive oxygen species, antioxidant systems, and microstructure of Chinese winter jujube at two major ripening stages during shelf life
Y. Dong, H. H. Zhi, J. Xu, L. H. Zhang, M. P. Liu and W. Zong
