

THE JOURNAL OF

Horticultural & Science Biotechnology

- 113 Uneven ripening in 'Bangalore blue' grape (*Vitis vinifera* × *Vitis labrusca*) berries in India is linked to seed viability
Seshadri Shivashankar, Manoharan Sumathi and Vala Keshava Rao
- 120 The role of ethylene in abscission of sweet orange promoted by exogenous application of the abscission agent 5-chloro-3-methyl-4-nitro-1H-pyrazole (CMNP)
S. Sharma, M. Ritenour and R.C. Ebel
- 130 Extension of shelf life of tuberose flowers using a combination of gamma irradiation and generally regarded as safe (GRAS) preservatives and assessment of antimicrobial potency of senesced flowers
Probir Kumar Ghosh, Paramita Bhattacharjee and Satadal Das
- 146 Screening and identification of genes associated with flower senescence in tree peony (*Paeonia* × *suffruticosa* Andrews) using suppression subtractive hybridization
Chunying Liu, Fangzheng Li, Shupeng Gai, Yuxi Zhang, Xinmei Zhan, Xiangyang Lu and Guosheng Zheng
- 155 Hormone and antioxidant responses of *Lilium* Oriental hybrids 'Sorbonne' bulblets to humic acid treatments *in vitro*
Y. Wu, Y. Li, Y. D. Ma, L. Zhang, Z. M. Ren and Y. P. Xia
- 168 Callus induction and plant regeneration from lateral shoots of herbaceous bamboo *Mniochloa abersend*
Qiaolu Zang, Yulian Jiao, Xiaomei Guo, Fei Zhuge, Kaiwun Yeh and Xinchun Lin
- 175 Two-way germination system of encapsulated clonal propagules of *Vitex trifolia* L.: an important medicinal plant
Abdulrahman A. Alatar, Naseem Ahmad, Saad B. Javed, Eslam M. Abdel-Salam, Riyadh Basahi and Mohammad Faisal
- 183 Reproductive barriers to hybridizations between narrow-leaf and broad-leaf *Anoectochilus roxburghii*
Renda Teng, Qingsong Shao, Mei Wu, Hongzhen Wang, Mingyan Li and Yuqiu Huang
- 192 Evaluation of genetic diversity of sweet potato [*Ipomoea batatas* (L.) Lam.] on different ploidy levels applying two capillary platforms
Barbara Pipan, Dragan Žnidarčič and Vladimir Meglič
- 199 Biochemical diversity in wild and cultivated pomegranate (*Punica granatum* L.) in Pakistan
Muhammad Nafees, Muhammad Jafar Jaskani, Saeed Ahmad, Muhammad Shahid, Zaffar Malik and Moazzam Jamil
- 206 Sap volatile components in relation to susceptibility of anthracnose and *Aspergillus* rot of mangoes (*Mangifera indica* L.)
N. Krishnapillai and R. S. Wilson Wijeratnam
- 214 Studies on allelochemical and mineral compounds for sustainable weed control in a pavement filler from brick recycling material
Anja Müller and Matthias Fink
