

Agricultural Economics

Verter, N. The impact of agricultural foreign aid on agriculture in Nigeria	689
Galluzzo, N. The impact of the common agricultural policy on the agritourism growth in Italy.....	698
Toteva, D. Challenges at competitive and sustainable development of the vine and wine sector and the production of beer in Bulgaria	704
Hurmak N. and V. Yakubiv. Efficiency of intermediary activity of agricultural enterprises: methods and assessment indicators	712

Agricultural Management

Lopes, B. F. R. and A. L. R. de Oliveira. The supply chain of Brazilian maize: application of a partial equilibrium model.....	717
De Souza-Esquerdo, V. F. and S. M. P. P. Bergamasco. The relationship between municipalities and rural areas in the fruits' circuit region, state of São Paulo, Brazil.....	729

Plant Science

Mihovsky Ts. and G. Naydenova. Comparative study on czech cultivars of red clover (<i>Trifolium pratense</i> L.) in the conditions of the central northern Bulgaria.....	739
Kazydub, N., S. Kuzmina and E. Chernenko. Adaptability of chickpea collection samples in the southern forest-steppe of Western Siberia.....	743
Edalatjo, R., M. M. Heydari and A. Maleki. The effect of phosphorus solubilising bacteria on spring and autumn chickpea yield and yield components under supplemental irrigation condition	750

Plant Pathology and Protection

Al-Hammouri, A. A., J. Ibbini, E. Bsoul and S. Sanogo. Effect of salinity on recovery of <i>Rhizoctonia solani</i> from infected tomato (<i>Solanum lycopersicon</i> Mill).....	757
Abdullah, M. A., H. Al-Yasee, Y. Al-Sudani and M. M. Khandaker. Developing weeds of agricultural crops at different levels of heights, in taif area of Saudia Arabia	762
Kaplin, V. and G. Urakchintseva. Weed communities and their effect on productivity of bread spring wheat in dry steppe of Western Kazakhstan	770
Subandi, M., Y. Setiati and N. H. Mutmainah. Suitability of <i>Corcyra cephalonica</i> eggs parasitized with <i>Trichogramma japonicum</i> as intermediate host against sugarcane borer <i>Chilo auricilius</i>	779

Agrochemistry and Soil Science

Karatoteva, D. and L. Malinova. Organic carbon stock in pasture landscapes on the territory of the Central Balkan National Park	787
Bagum, S. A., M. Billah, N. Hossain, S. Aktar and M. S. Uddin. Detection of salt tolerant hybrid maize as germination indices and seedling growth performance	793

Contents (continues)

Paula, V. F. S., J. S. S. Lima, F. Bezerra Neto, Y. T. D. F. Fernandes, A. P. Chaves, J. N. Silva and P. C. A. Linhares. Production of fertilized lettuce with roostertree in different amounts and incorporation times	799
Mitova, I., L. Nenova and N. Shaban. Abiotic factors and their impact on growth characteristics of Spinach (<i>Spinacia oleracea</i>).....	806
Vasileva, V., T. Kertikov and A. Ilieva. Dry mass yield and amount of fixed nitrogen in some forage legume crops after treatment with organic fertilizer Humustim.....	816
Boteva, H. and P. Yankova. Effect of fertilization, growing scheme and variety on economic productivity in biological tomato production	820
Ecology	
Maroeto, W. A. Suntoro, S. Djoko and P. Rossyda. Net farm income as reflection of critical land evaluation in welang watershed, Indonesia	826
Ivantsova, E. A., V. V. Novochadov; N. V. Onistratenko and M. V. Postnova. Ecological aspects of phytosanitary optimization of arid agrobiocenoses of the south of Russia.....	834
Animal Genetics	
Getmantseva, L., A. Kolosov, M. Leonova, S. Bakoev, A. Klimenko, A. Usatov, A. Radyuk, V. Vaselenko, M. Makarenko and N. Bakoev. Polymorphisms in obesity-related leptin gene and its association with reproductive traits of sows	843
Food Science and Technologies	
Rababah, T., M. Al-U‘datt, M. Al-Mahasneh, A. Odeh, Tha’er Ajouli and H. Feng. Effect of processing and storage at different temperatures on the physicochemical and minerals content of sesame seeds and tehina	851
Naumova, N., A. Lukin, and V. Erlikh. Quality and nutritional value of pasta products with added ground chia seeds.....	860
Wedyan, M., B. A. Hanieh, A. Al Harasheh and A. R. Al-Tawaha. Chemical characterization of olive pomace in the northern region of Jordan.....	866
Agricultural Engineering	
Bozhkov, S., S. Stanchev and T. Gyorina. Simulation modeling of oleaginous rose harvesting implement.....	873
Amantayev, M., G. Gaifullin and S. Nukeshev. Modelling of the soil-two dimensional shearing tine interaction	882
