

Agricultural Economics

Bachev, H., B. Ivanov, D. Toteva and E. Sokolova. Agrarian sustainability in Bulgaria – economic, social and ecological aspects	519
Galluzzo, N. An analysis of agricultural development and emigration in Romania using the Self Organizing Maps	526
Velychko, O. and L. Velychko. Management of inter-farm use of agricultural machinery based of the logistical system “BOA”	534
Lanfranchi, M., C. Giannetto and V. Dimitrova. Economic analysis and management of bread waste from producers: results of a survey conducted in Sicily (Italy)	544
Sudrajat, I. S., E. S. Rahayu, Kusnandar and Supriyadi. Effect of social factors in stochastic frontier profit of organic rice farming in Boyolali	551

Plant Science

Gjamovski, V., J. Cvetković, T. Stafilov and K. B. Andonovska. Influence of rootstocks on mineral composition of apple cultivar Granny Smith	560
Crispim, J. F., J. S. S. Lima, L. I. F. De Andrade, P. C. A. Linhares and J. A. De M. Araújo. Answering of cultivars from coriander to different spaces as the presence and absence of thinning	567
Moradi, F., M. Z. Mehrjerdi and K. Vahdati. <i>Agrobacterium rhizogenes</i> – mediated hairy root induction in garlic	572

Plant Genetics

Egamberdieva, S. A. The estimation of new cotton lines obtained with participation of introgressive form ...	578
Stamatov, S., St. Ishpekov, M. Deshev and R. Zajakov. Application of the independent subjective evaluation method of the hybrid material in the breeding of sesame (<i>Sesamum indicum</i> L)	584

Plant Pathology and Protection

Velcheva, N., A. Atanassov and Zh. Ilieva. New data of Bulgarian parasitoid entomofauna and contributions to host-parasitoid interactions	589
Yanashkov, I. T. and T. D. Vatchev. First report of root and lower stem rot caused by <i>Drechslera sorokiniana</i> on einkorn in Bulgaria	594

Agrochemistry and Soil Science

Samanhudi, S., A. Yunus, B. Pujiasmanto, V. R. Cahyani and D. S. Lestariana. The effect of arbuscular mycorrhiza and organic manure on soybean growth and nutrient content in Indonesia.....	596
Stamenov, Y. and N. Valeva. Phosphorus and potassium removal assessment in omitted plot trials with wheat and barley.	604

Contents (continues)

Animal Science

- Kaliasheva, K., M. Oblakova, P. Hristakieva, N. Mincheva and M. Lalev. Comparative study on morphological qualities of eggs from new autosexing layer hybrids for free range poultry farming system 609
- Hien, T. Q; T. T. Hoan, M. A. Khoa, T. T. Kien and T. Q. Trung. The effect of some leaf meal kinds as a supplement in the basal diet on Luong Phuong broiler performance 617
- Rahiminiat, F., S. Ghazanfari, Z. Mohammadi and S. D. Sharifi. Feeding *Artemisia sieberi*, *coriander* and *clove* essential oils alters muscle lipid oxidation in broiler chicken 625
- Kamberi, M., S. Muji, A. Kryeziu, R. Kastrati and N. Mestani. Ecological implications of phytase added to normal and deficient available phosphorus diets of laying hens measured by N and P excretion..... 632
- Alhan, R. and A. Can. Determining effect of straw and inoculant addition on silage quality of sugar beet leaves silage 639
- Marchev, Y., M. Chervenkov, V. Mladenova, D. Abadjieva and E. Kistanova. Changes in pre and post puberty levels of progesterone, estradiol and ghrelin in gilts 644
- Pacinovski, N., V. Dzabirski, G. Dimov, K. Porcu and G. Cilev. The accuracy of A4 and AC methods for determining lactation in control day in threefold milking of Awassi breed of sheep 648

Food Science and Technologies

- Villa, G. A., R. S. Rosiles; R. R. Villalobos; F. R. Gonzalez, J. de D. F. Cardenas and J. A. M. Albores. Structural, thermal and rheological properties of nixtamalized maize masa obtained from varying the concentration of calcium hydroxide and cooking time 653
- Lukin, A. and K. Bitiutskikh. Investigation on the use of hemp flour in cookie production 664

Agricultural Engineering

- Laktionov, I., O. Vovna and A. Zori. Concept of low cost computerized measuring system for microclimate parameters of greenhouses 668
- Taghiyari, H. R., A. Elyasi, K. Doost-Hoseini and Reza Hosseinpourpia. Correlation between gas and liquid permeability with noise reduction coefficient in insulation boards made from sugar cane bagasse 674

Agricultural Technologies

- Al-Mahasneh, M., M. I. Al-Wdyan, T. Rababah and M. Alu'datt. Moisture sorption thermodynamic properties of Bermuda grass 682
