

# ALLELOPATHY JOURNAL

Volume 41

Number 1

May 2017

## RESEARCH PAPERS

- W. Li, S. Shen and Q.Y. Guo (China).** Allelopathic effects of Hulless barley (*Hordeum vulgare* L.) on rape (*Brassica campestris* L.). 1
- Z.B. Wan, C.L. Zhu, H.G. Sun, X.F. Wang and J. Xiong (China).** Allelopathic potential of *Sassafras tzumu* (Lauraceae) on seed germination and seedling growth of *Brassica rapa chinensis* L. 25
- M.A. Yaber Grass, P.A. Del Fueyo and H.D. Chludil (Argentina).** Allelopathic effects of *Senecio grisebachii* on seed germination and seedling growth of wheat and barley. 37
- M.M. Elqahtani, M. El-Zohri, H. K. Galal and A.E. El-Enany (Saudi Arabia).** GC-MS analysis of crude extracts from *Heliotropium bacciferum* L. and their allelopathic effects on *Zea mays* L. and *Vicia faba* L. 51
- J. Chen, J. Wei, J.M. Gao, X.X. Ye, C.S.P. Mcerlean and Y.Q. Ma (China).** Allelopathic inhibitory effects of *Penicillium griseofulvum* produced patulin on the seed germination of *Orobancha cumana* Wallr. and *Phelipanche aegyptiaca* Pers. 65
- A. Labruzzo, A. Carrubba, G. Di Marco and M. T. Ebadi (Italy).** Herbicidal potential of aqueous extracts from *Melia azedarach* L., *Artemisia arborescens* L., *Rhus coriaria* L. and *Lantana camara* L. 81
- N.Y. Hu, R.L Wang, X Li and Y.N. Yu (China).** Allelopathic potential of *Dicranopteris pedata*, *Acacia auriculaeformis*, *Cinnamomum burmannii* and *Melastoma malabathricum* for ecological control of *Ipomoea Cairica* 93
- B. Politycka, S. Smolen, A. Golcz and S. Lukaszewicz (Poland).** Effects of selenium on contents of selected micronutrients and activities of antioxidant enzymes in cucumber roots exposed to *p*-coumaric acid. 101
- X.L. Jia, J.H. Ye, Q. Zhang, L. Li, Y.L. Hu, M.Z. Zheng, Y.C. Hong, F.Q. Wang and C.Z. Wu (China).** Soil toxicity and microbial community structure of Wuyi rock tea plantation 113
- Dinesh Kumar, N.S. Thakur and R.P. Gunaga (India).** Effects of leaf aqueous extract and leaf litter of *Melia composita* Willd. on black gram [*Vigna mungo* (L.) Hepper]. 127
- Cui Cui, Bin Liu, Lin Hou and Shuoxin Zhang (China).** Chemical composition and antimicrobial activities of persimmon (*Diospyros kaki*) leaf extracts. 141
