

# Aquatic Ecosystem Health & Management

The official journal of the Aquatic Ecosystem Health and Management Society

Volume 20, Number 3

July–September 2017

## CONTENTS

<b>State of Hamilton Harbour Ecosystem: Health, Remediation and Restoration, Part II</b>	
<b>Editorial</b>	199
<b>Biotic Ecology</b>	
<b>Phytoplankton ecology of a culturally eutrophic embayment: Hamilton Harbour, Lake Ontario</b>	201
<i>M. Munawar, M. Fitzpatrick, H. Niblock, H. Kling, R. Rozon, and J. Lorimer (Canada)</i>	
<b>Microbial - Planktonic foodweb dynamics of a eutrophic Area of Concern: Hamilton Harbour</b>	214
<i>M. Munawar and M. Fitzpatrick (Canada)</i>	
<b>Elevated zooplankton production in a eutrophic Lake Ontario embayment: Hamilton Harbour 2002–2014</b>	230
<i>K. L. Bowen and W. J. S. Currie (Canada)</i>	
<b>Developing restoration targets for nearshore fish populations in two Areas of Concern in Lake Ontario</b>	242
<i>J. N. Bowlby and J. A. Hoyle (Canada)</i>	
<b>Diet and foraging of Round Goby (<i>Neogobius melanostomus</i>) in a contaminated harbour</b>	252
<i>E. S. McCallum, J. R. Marentette, C. Schiller, S. Jindal, K. Empringham, S. Marsh-Rollo, H. Pettitt-Wade, M. A. Koops, A. T. Fisk, and S. Balshine (Canada)</i>	
<b>Ecosystem Management</b>	
<b>Uncertainty assessment of trophic flows in Hamilton Harbour: A linear inverse modelling analysis</b>	265
<i>M. Hossain, T. J. Stewart, G. B. Arhonditsis, D. van Oevelen, C. K. Minns, and M. Koops (Canada)</i>	
<b>A review of Hamilton Harbour beaches: Towards delisting 2020, successes and challenges</b>	278
<i>J. Milne, S. Gilpin, and J. Fortuna (Canada)</i>	

(Continued on inside back cover)

(Contents continued)

**Efficacy of decoys and familiar versus unfamiliar playback calls in attracting Common Terns to a rehabilitated wetland on Lake Ontario** 285  
*B. P. Pynenburg, D. J. Moore, and J. S. Quinn (Canada)*

**Trends in sediment quality in Hamilton Harbour, Lake Ontario** 295  
*D. Milani, L. Grapentine, D. A. Burniston, M. Graham, and C. Marvin (Canada)*

**Environmental monitoring to guide and assess the effectiveness of Randle Reef sediment remediation on the recovery of Hamilton Harbour** 308  
*M. Graham, E. Hartman, R. Joyner, K. Kim, and R. Santiago (Canada)*
