

Marine Biology Research

Volume 13 - Number 9 - Pages 919 - 1014 2017

Contents

ORIGINAL ARTICLES

- Trophic level and fatty acids in harp seals compared with common minke whales in the Barents Sea
Tore Haug, Stig Falk-Petersen, Michael Greenacre, Haakon Hop, Ulf Lindstrøm, Sonnich Meier, Kjell T. Nilssen and Anette Wold 919
- High incidence of otolith abnormality in juvenile European flounder *Platichthys flesus* from a tidal freshwater area
Vanessa Neves, Alexandra Guedes, Bruno Valentim, Joana Campos and Vânia Freitas 933
- Description, morphometric characterization and distribution pattern of *Paradiopatra multibranchiata*, a new onuphid (Annelida: Polychaeta) from the tropical eastern Pacific
Pablo Hernández-Alcántara, Araceli J. Mercado-Santiago and Vivianne Solís-Weiss 942
- Resilience of *Zostera marina* habitats and response of the macroinvertebrate community to physical disturbance caused by clam harvesting
Carlota Barañano, Emilio Fernández, Gonzalo Méndez and Jesús S. Troncoso 955
- Expansion and fragment settlement of the non-native seagrass *Halophila stipulacea* in a Caribbean bay
Fee O. H. Smulders, J. Arie Vonk, M. Sabine Engel and Marjolijn J. A. Christianen 967
- Effects of nursery table slope orientation on coral survival and growth
Rosa Celia Poquita-Du, Kok Ben Toh, Tai Chong Toh, Chin Soon Lionel Ng, Daisuke Taira, Hai Xin Loke, Lutfi Afiq-Rosli, Loke Ming Chou, Tiancheng Song and Patrick Cabaitan 975
- Description of *Turritopsoides marhei* sp. nov. (Hydrozoa, Anthoathecata) from the Maldives and its phylogenetic position
Davide Maggioni, Stefania Puce, Paolo Galli, Davide Seveso and Simone Montano 983
- Early life history of the small yellow croaker (*Larimichthys polyactis*) in sandy ridges of the South Yellow Sea
Ying Xiong, Jian Yang, Tao Jiang, Hongbo Liu, Xiaming Zhong and Jianhua Tang 993
- Environmental drivers of sardine (*Sardina pilchardus*) in the Catalan Sea (NW Mediterranean Sea)
Federico Quattrocchi and Francesc Maynou 1003
