

CONTENTS

Research Articles

- 1** Influencing the crystallization behavior of binary mixtures of stearyl alcohol and stearic acid (SOSA) using ethylcellulose
A.J. GRAVELLE, M. DAVIDOVICH-PINHAS, S. BARBUT, A.G. MARANGONI (Canada, Israel)
- 11** Acute and subacute oral toxicity assessment of the oil extracted from *Attalea phalerata* Mart ex Spreng. pulp fruit in rats
F. FREITAS DE LIMA, G.K. TRAESEL, S.E.L.T. MENEGATI, A.C.D. SANTOS, R.I.C. SOUZA, V.S. DE OLIVEIRA, E.J. SANJINEZ-ARGANDOÑA, C.A.L. CARDOSO, S.A. OESTERREICH, M.D.C. VIEIRA (Brazil)
- 18** How native yeasts may influence the chemical profile of the Brazilian spirit, cachaça?
C.B. PORTUGAL, A.P. DE SILVA, A.M. BORTOLETTO, A.R. ALCARDE (Brazil)
- 26** Lipid droplets coated with milk fat globule membrane fragments: Microstructure and functional properties as a function of pH
C. LOPEZ, C. CAUTY, F. ROUSSEAU, M. BLOT, A. MARGOLIS, M.-H. FAMELART (France)
- 38** Assessing the effects of different prebiotic dietary oligosaccharides in sheep milk ice cream
C.F. BALTHAZAR, H.L.A. SILVA, A.H. VIEIRA, R.P.C. NETO, L.P. CAPPATO, P.T. COIMBRA, J. MORAES, M.M. ANDRADE, V.M.A. CALADO, D. GRANATO, M.Q. FREITAS, M.I.B. TAVARES, R.S.L. RAICES, M.C. SILVA, A.G. CRUZ (Brazil)
- 47** Emulsions stabilized by high acyl gellan and KCl
J.A.P. VILELA, R.L.D. CUNHA (Brazil)
- 55** Effect of high hydrostatic pressure processing on the background microbial loads and quality of cantaloupe puree
S. MUKHOPADHYAY, K. SOKORAI, D. UKUKU, X. FAN, V. JUNEJA (United States)
- 63** Betaxanthins and antioxidant capacity in *Stenocereus pruinosus*: Stability and use in food
J.A. RODRÍGUEZ-SÁNCHEZ, M.T. CRUZ Y VICTORIA, B.E. BARRAGÁN-HUERTA (Mexico)
- 72** Yeasts from Canastra cheese production process: Isolation and evaluation of their potential for cheese whey fermentation
R.P. ANDRADE, C.N. MELO, Z. GENISHEVA, R.F. SCHWAN, W.F. DUARTE (Brazil, Portugal)
- 80** Determination of the fungal community of pit mud in fermentation cellars for Chinese strong-flavor liquor, using DGGE and Illumina MiSeq sequencing
M. LIU, Y. TANG, K. ZHAO, Y. LIU, X. GUO, D. REN, W. YAO, X. TIAN, Y. GU, B. YI, X. ZHANG (People's Republic of China)
- 88** Biofilm-producing ability of *Listeria monocytogenes* isolates from Brazilian cheese processing plants
S.H. IN LEE, G.V. BARANCELLI, T.M. DE CAMARGO, C.H. CORASSIN, R.E. ROSIM, A.G. DA CRUZ, L.P. CAPPATO, C.A.F. DE OLIVEIRA (Brazil)

(Contents continued on last page of this issue)

- 92** Peptides from gluten digestion: A comparison between old and modern wheat varieties
B. PRANDI, T. TEDESCHI, S. FOLLONI, G. GALAVERNA, S. SFORZA (Italy)
- 103** High hydrostatic pressure treatments enhance volatile components of pre-germinated brown rice revealed by aromatic fingerprinting based on HS-SPME/GC-MS and chemometric methods
Q. XIA, J. MEI, W. YU, Y. LI (China)
- 115** Inactivation modeling of human enteric virus surrogates, MS2, Q β , and Φ X174, in water using UVC-LEDs, a novel disinfecting system
D.-K. KIM, S.-J. KIM, D.-H. KANG (Republic of Korea)
- 124** Food losses, shelf life extension and environmental impact of a packaged cheesecake: A life cycle assessment
M.M. GUTIERREZ, M. MELEDDU, A. PIGA (Italy)
- 133** Single step non-thermal cleaning/sanitation of knives used in meat industry with ultrasound
C.C.B. BRASIL, J.S. BARIN, E. JACOB-LOPES, C.R. MENEZES, L.Q. ZEPKA, R. WAGNER, P.C.B. CAMPAGNOL, A.J. CICHOSKI (Brazil)
- 140** Genotype evaluation of cowpea seeds (*Vigna unguiculata*) using ^1H qNMR combined with exploratory tools and solid-state NMR
E.G. ALVES FILHO, L.M.A. SILVA, E.M. TEOFILO, F.H. LARSEN, E.S. DE BRITO (Brazil, Denmark)
- 148** Consumer perception of balsamic vinegar: A cross-cultural study between Korea and Italy
L. TORRI, S.-Y. JEON, M. PIOCHI, G. MORINI, K.-O. KIM (Italy, Republic of Korea)
- 161** Effects of pH, temperature and pulsed electric fields on the turbidity and protein aggregation of ovomucin-depleted egg white
Y.-F. LIU, I. OEY, P. BREMER, A. CARNE, P. SILCOCK (New Zealand)
- 171** ^1H NMR and SPME-GC/MS study of hydrolysis, oxidation and other reactions occurring during *in vitro* digestion of non-oxidized and oxidized sunflower oil. Formation of hydroxy-octadecadienoates
B. NIEVA-ECHEVARRÍA, E. GOICOECHEA, M.J. MANZANOS, M.D. GUILLÉN (Spain)
- 183** Uncovering patterns of consumers' interest for beer: A case study with craft beers
G. DONADINI, S. PORRETTA (Italy)
