

Journal of
Arid Environments

Volume 138 March 2017

Contents

BOTANY

- Drezner, T.D. Shape and size adjustments of a cactus with rib and furrow morphology. 1
- Muturi, G.M., Poorter, L., Bala, P. & Mohren, G.M.J. Unleached Prosopis litter inhibits germination but leached stimulates seedling growth of dry woodland species 44
-

ZOOLOGY

- Gooch, A.M.J., Petersen, S.L., Collins, G.H., Smith, T.S., McMillan, B.R. & Eggett, D.L. The impact of feral horses on pronghorn behavior at water sources 38
- Lescano, M.N., Elizalde, L., Wrenkraut, V., Pirk, G.I. & Flores, G.E. Ant and tenebrionid beetle assemblages in arid lands: Their associations with vegetation types in the Patagonian steppe 51
-

RIPARIAN VEGETATION

- Freestone, F.L., Brown, P., Campbell, C.J., Wood, D.B., Nielsen, D.L. & Henderson, M.W. Return of the lignum dead: Resilience of an arid floodplain shrub to drought. 9
- Yu, T., Qi, F., Si, J., Zhang, X. & Zhao, C. *Tamarix ramosissima* stand evapotranspiration and its association with hydroclimatic factors in an arid region in northwest China. 18
- Stromberg, J.C., Setaro, D.L., Gallo, E.L., Lohse, K.A. & Meixner, T. Riparian vegetation of ephemeral streams 27
