Plant Pathology and Protection

Dikova, B., E. Balacheva and B. Atanassova. Study of tolerance to <i>tomato spotted wilt virus</i> in tomato genotypes with anthocyanins content	102
Asakaviciute, R., A. Kacergius and A. Razukas. New Lithuanian potato varieties and their resistance to <i>Phytophthora infestans</i> (Mont.) de Bary	107

Contents (continues)

Ecology, Agrochemistry and Soil Science

- Kovalenko, I. M. Role of coenotic relations in the formation of plant communities (on the example of the lower layers of forests of the north-east of Ukraine) 113
- Khandaker, M. M., N. Jusoh, N. H. Al A. Ralmi and S. Z. Ismail. The effect of different types of organic fertilizers on growth and yield of *Abelmoschus esculentus* L. Moench (okra) 119
- Ahmed, K., G. Qadir, A.-R. Jami, A. I. Saqib, M. Q. Nawaz, M. A. Kamal and Ehsan-Ul-Haq. Comparative reclamation efficiency of gypsum and sulfur for improvement of salt affected 126

Animal Genetics

- Zeinali, S., S. Ghazanfari and M. A. Ebrahimi. Mucin2 gene expression in the chicken intestinal goblet cells are affected by dietary essential oils 134

Veterinary Science

- Kouidri, M., S. S. M. Selles, A. Boulkaboul, C. Khellil, H. Belcaceem and Z. Nouar. Study on the seasonal dynamics of lungworm infections in small ruminants slaughtered in Tiaret (Algeria) 142

Fisheries and Aquaculture

- Atanasov, V., Y. Staykov, M. Tzanova, E. Valkova, B. Krastev and Zh. Dimitrov. Reproductive process in Bulgarian trout farms in relation to the prevention of M74 syndrome 147
- Stoyanova, St. N. and Y. S. Staykov. Effect of stocking density on growth performance, feed conversion and fish production of rainbow trout (*Oncorhynchus mykiss*), cultivated in raceways 154

Food Science

- Ivanova, T. N., E. M. Gyurova and H. Y. Daskalov. Case study of staphylococcal enterotoxin poisoning after consumption of ready-to-eat roasted chicken products 159
- Dushkova, M., A. Dinchev, K. Mihalev, M. Miteva-Petrova and S. Petrov. Multifactorial modeling of the flux during ultrafiltration of strawberry extract 165

Agricultural Engineering

- Aleksandrov, Y. New solution – refrigerators for fruits and vegetables with elastic wall protection 171
