Review

- The role of trees in urban stormwater management
A. Berland (Muncie, IN, USA), S.A. Shiflett (Riverside, CA, USA), W.D. Shuster, A.S. Garmestani, H.C. Goddard (Cincinnati, OH, USA), D.L. Herrmann (Oak Ridge, TN, USA) and M.E. Hopton (Cincinnati, OH, USA) 167

Research Papers

- Cumulative impacts of polluted urban streams on property values: A 3-D spatial hedonic model at the micro-neighborhood level
W.Y. Chen and X. Li (Pokfulam Road, Hong Kong) 1
- Black bear recolonization patterns in a human-dominated landscape vary based on housing: New insights from spatially explicit density models
M.J. Evans, T.A.G. Rittenhouse (Storrs, CT, USA), J.E. Hawley and P.W. Rego (Burlington, CT, USA) 13
- Identification of landscape character types for trans-regional integration in the Wuling Mountain multi-ethnic area of southwest China
G. Li and B. Zhang (Wuhan, People's Republic of China) 25
- Do acoustic indices reflect the characteristics of bird communities in the savannas of Central Brazil?
R.B. Machado, L. Aguiar (Brasilia, Brazil) and G. Jones (Bristol, UK) 36
- Predicting the likely impact of urbanisation on bat populations using citizen science data, a case study for Norfolk, UK
J.A. Border, S.E. Newson (Thetford, UK), D.C.J. White (Norwich, UK) and S. Gillings (Thetford, UK) 44
- Species diversity and spatial pattern of old and precious trees in Macau
H. Zhang, P.Y. Lai and C.Y. Jim (Hong Kong, China) 56
- Tree survival and growth are impacted by increased surface temperature on paved land
Y. Chen, X. Wang (Beijing, China), B. Jiang (Wuhan, China), Z. Wen, N. Yang and L. Li (Beijing, China) 68
- Linking urban land use to pollutants in constructed wetlands: Implications for stormwater and urban planning
D.J. Sharley, S.M. Sharp, S. Marshall, K. Jeppe and V.J. Pettigrove (Victoria, Australia) 80
- Exploring land-use legacy effects on taxonomic and functional diversity of woody plants in a rapidly urbanizing landscape
J. Yang, P. Yan (Beijing, China), R. He and X. Song (Haikou, China) 92
- Biodiversity related understorey stability of small peri-urban forest after a 100-year recurrent flood
T. Karlo and N. Sajna (Slovenia) 104
- Mosquito assemblages associated with urban water bodies; implications for pest and public health threats
W. Crocker, K. Maute (Wollongong, Australia), C. Webb (Sydney, Australia and Westmead, Australia) and K. French (Wollongong, Australia) 115
- Urban agglomeration: An evolving concept of an emerging phenomenon
C. Fang (Beijing, China) and D. Yu (Montclair, NJ, USA) 126
- Using functional Magnetic Resonance Imaging (fMRI) to analyze brain region activity when viewing landscapes
I.-C. Tang (Tainan, Taiwan), Y.-P. Tsai, Y.-J. Lin, J.-H. Chen, C.-H. Hsieh, S.-H. Hung (Taipei, Taiwan), W.C. Sullivan (Champaign, IL, USA), H.-F. Tang and C.-Y. Chang (Taipei, Taiwan) 137
