Research Articles

On-farm rice yield and its association with biophysical factors in sub-Saharan Africa

A. Tanaka, J.-M. Johnson, K. Senthilkumar, C. Akakpo, Z. Segda, L.P. Yameogo, I. Bassoro, D.M. Lamare, M.D. Allarangaye, H. Gbakatcheche, B.A. Bayuh, F. Jaiteh, R.K. Bam, W. Dogbe, K. Sékou, R. Rabeson, N.M. Rakotoarisoa, N. Kamissoko, I.M. Mossi, O.S. Bakare, F.L. Mabone, E.R. Gasore, I. Baggie, G.J. Kajiru, J. Mghase, K.A. Ablede, D. Nanfumba and K. Saito 1

Effect of agronomic programmes with different susceptibility to deoxynivalenol risk on emerging contamination in winter wheat

M. Blandino, V. Scarpino, M. Sulyok, R. Krska and A. Reyneri 12

Effects of elevated CO₂ on rice grain yield and yield components: Is non-flooded plastic film mulching better than traditional flooding?

Y. Li, S.K. Lam, X. Han, Y. Feng, E. Lin, Y. Li and X. Hao 25

Soil compaction management and soybean yields with cover crops under no-till and occasional chiseling

J.C. Calonego, J.P.A. Raphael, J.P.G. Rigon, L. de Oliveira Neto and C.A. Rosolem 31

Climate impacts on palm oil yields in the Nigerian Niger Delta

S.U. Okoro, U. Schickhoff, J. Boehner, U.A. Schneider and N.I. Huth 38

Crop residue incorporation can mitigate negative climate change impacts on crop yield and improve water use efficiency in a semiarid environment

D.L. Liu, K.T. Zeleke, B. Wang, I. Macadam, F. Scott and R.J. Martin 51

Reduced inter-row distance improves yield and competition against weeds in a semi-dwarf durum wheat variety

P. De Vita, S.A. Colecchia, I. Pecorella and S. Saia 69
