Distributed worldwide by Springer. *Eurasian Soil Science* ISSN 1064-2293.

Genesis and Geography of Soils

- Evolution of Forest Pedogenesis in the South of the Forest-Steppe of the Central Russian Upland in the Late Holocene
Yu. G. Chendev, A. L. Aleksandrovskii, O. S. Khokhlova, M. I. Dergacheva, A. N. Petin, A. N. Golovvin, V. A. Sarapulkin, G. L. Zemtsov, and S. V. Uvarkin 1
- Modeling of the Development of Humus Horizons in Soils of Crimea
E. I. Ergina 14
- The Methods of Geomorphometry and Digital Soil Mapping for Assessing Spatial Variability in the Properties of Agrogray Soils on a Slope
N. V. Gopp, T. V. Nechaeva, O. A. Savenkov, N. V. Smirnova, and V. V. Smirnov 20
-

Soil Chemistry

- Characterization of Humic Acids from Tundra Soils of Northern Western Siberia by Electron Paramagnetic Resonance Spectroscopy
S. N. Chukov, E. Ejarque, and E. V. Abakumov 30
- Geochemical Characterization of Soils of the Eastern Coast of the Northern Sakhalin Lowland
E. A. Zharikova 34
- Assessing the Humus Status and CO₂ Production in Soils of Anthropogenic and Agrogenic Landscapes in Southern Regions of the Russian Far East
L. N. Purtova, N. M. Kostenkov, and L. N. Shchapova 42
- Release and Retention Patterns of Organic Compounds and Nutrients after the Cold Period in Foliar Litterfall of Pure European Larch, Common Beech and Red Oak Plantations in Lithuania
D. Čiuldienė, J. Aleinikovienė, M. Muraškienė, V. Marozas, and K. Armolaitis 49
-

Soil Biology

- The Impact of Hydrogen Emission on the Structure of Soil Microbial Biomass
L. M. Polyanskaya, A. L. Stepanov, and K. V. Chakmazyan 57
- Profile Analysis of Microbiomes in Soils of Solonetz Complex in the Caspian Lowland
T. I. Chernov, M. P. Lebedeva, A. K. Tkhakakhova, and O. V. Kutovaya 64
- Cyanobacteria as Test Organisms and Biosorbents
A. I. Fokina, S. Yu. Ogorodnikova, L. I. Domracheva, E. I. Lyalina, E. A. Gornostaeva, T. Ya. Ashikhmina, and L. V. Kondakova 70
- Soil Actinomycetes in the National Forest Park in Northeastern China
I. G. Shirokikh and A. A. Shirokikh 78
-

Degradation, Rehabilitation, and Conservation of Soils

- Long-Term Dynamics of Anthropogenic Solonetzicity in Soils of the Eastern Okrug of Moscow under the Impact of Deicing Salts
E. M. Nikiforova, N. S. Kasimov, and N. E. Kosheleva 84
- Dynamics of Benzo[α]pyrene Accumulation in Soils under the Influence of Aerotechnogenic Emissions
S. N. Sushkova, T. M. Minkina, S. S. Mandzhieva, I. G. Deryabkina (Tyurina), G. K. Vasil'eva, and R. Kizilkaya 95

The Effect of Megalopolis Environment on the Feeding Activity of Soil Saprophages
in Urban Forests

I. E. Bergman, E. L. Vorobeichik, and A. I. Ermakov

106

Geoinformation Mapping of Soil Erosion in the Middle Volga Region

O. P. Yermolaev

118
