

ALLELOPATHY JOURNAL

Volume 40

Number 1

January 2017

REVIEW PAPER

- Y.N. Gao, J. Dong, Q.Q. Fu, Y.P. Wang, C. Chen, J.H. Li, R. Li and C.J. Zhou (China).** Allelopathic effects of submerged macrophytes on phytoplankton 1

RESEARCH PAPERS

- D.R. Qiu, S.X. Yang, H.W. Liu, D.C. Wang, Y.M. Zhang, J.H. Jiang, M.Z. Zhang, D.S. Wei, Y. Kuang, X. Li and J.C. Qin (China).** Identification of allelochemicals in the essential oil of *Euphorbia maculata* L. and their bioactivity 23
- J.Y. Li, Q. Zhang, X.Y. Yang, W.W. Hu, R.L. Lin and H.B. He (China).** A reappraisal of the content and the differences of phenolic acids between allelopathic and non-allelopathic rice accessions 35
- I.M. Chung, S.H. Kim, T.J. Lee, M. Ali and A. Ahmad (South Korea).** New constituents from *Oryza sativa* L. straw and its algicidal activities against blue-green algae 47
- R.L. Wang, S.W. Liu, X.W. Xin, S. Chen, Q.Q. Xia, Y.J. Su and Z.K. Song (China).** Phenolic acids contents and allelopathic potential of 10-cultivars of alfalfa and their bioactivity 63
- Wei, W., Zhou, M., Xian, X.Y., Zheng, C.X. and Hou, Y.P (China).** Effects of aqueous root leachates from dominant tree species on seed germination and seedling growth of exotic plant *Rhus typhina* Linn. in Shandong Peninsula 71
- N.D. Shetta, T.S. Alshahrani, R.A. Nasser and I.M. Aref (Saudi Arabia).** Allelopathic potential of *Calotropis procera* and *Ecucalyptus* species on germination and growth of some timber trees 81
- B. Wang, T. Zhou, K. Li, X.W. Guo, Y.S. Guo, Z.D. Liu and H.G. Xie (China).** Biotransformation of 4-hydroxybenzoic acid in the rhizosphere of grapevine (*Vitis vinifera* L.) 95
- U. Malik, S. Mitra and A. Barik (India).** Attraction of the biocontrol agent, *Galerucella placida* Baly (Coleoptera: Chrysomelidae) to the leaf surface alkanes of the weed, *Polygonum orientale* L. 103
