

# ALLELOPATHY JOURNAL

Volume 40

Number 2

March 2017

## RESEARCH PAPERS

- S.N. Wang, Y. Gao, R.X. Yang, Z.R. Zhang, X.T. Gai, B. Liu, Z.G. Gao, X. Liu and Y. Yao (China).** Screening and using allelopathic crops to increase the yield of muskmelon (*Cucumis melon* L.) **117**
- Y. Kuang, S.X. Yang, D.A. Sampietro, J. Tan, Q.X. Gao, H.W. Liu, Q.X. Ni and Y.Z. Zhang (China).** Phytotoxicity of leaf constituents from bamboo (*Shibataea chinensis* Nakai) on germination and seedling growth of lettuce and cucumber **133**
- I. Lukasik, A. Kornacka, S. Goławska, H. Sytykiewicz, I. Sprawka, A. Wójcicka (Poland).** Effects of *Acyrtosiphon pisum* (Harris) infestation on the hydrogen peroxide content and activity of antioxidant enzymes in *Fabaceae* plants **143**
- S.A. Khatami, S.J. Angadji, B. Delkhosh, S. Khatami and M. Ebrahimpour (Iran).** Allelopathic effects of nettle, chamomile and dandelion on germination and seedling growth of weeds (wild mustard, common mallow, canary grass). **151**
- F. F. Liu, A.H. Zhang, F. J. Lei, J. Zhang, Y.H. Xu, M. J. Yin and L.X. Zhang (China).** Inhibitory effects of Panax ginseng stem and leaf ginsenosides against *Fusarium solani* **163**
- P. Adaka, A. Singh, P. Dhiman, K.S.V. Poorna Chandika<sup>1</sup>, S. Walia, A. Sirohi, V. Jain, M. Khandelwal, A. Kumar and B.S. Parmar (India).** Hydrogel based formulations of Tagetes patula root extract and MgSO<sub>4</sub> to control Meloidogynae incognita in cucumber (*Cucumis sativus*) **173**
- Tamoghna Saha, Matiyar Rahaman Khan and Raghunath Sadhukhan (India).** Evaluation of tuberose (*Polianthes tuberosa* L.) genotypes against the nematode *Meloidogyne incognita* race 2 **187**
- M.S.C.S. Mota, R.S. Silva, G.A. Silva, M.C. Picanco, A.L.M. Mesquita and R.C.A. Pereira (Brazil).** Potential of allelochemicals from basil (*Ocimum micranthum* Willd) to control whitefly (*Aleurodicus cocois* (Curtis, 1846)) in cashew nut crop (*Anacardium occidentale* L.) **197**
- Y. Zhang, W. Guan, M.N. Tang, Y.H. Li and L. Li (China).** Effects of *Casuarina equisetifolia* L. leachate on photosynthesis and antioxidant enzymes in seedlings of *Hernandia nymphaeifolia* (C. Presl) Kubitzki **209**
