Vol. 43, No. 1, 2017

A simultaneous English language translation of this journal is available from Allerton Press, Inc.
Distributed worldwide by Springer. *Russian Agricultural Sciences* ISSN 1068-3674.

Crop Research

- Effect of Morphology of Root System on Adaptability of Rice to the Deficiency of Mineral Elements
Yu. K. Goncharova, E. M. Haritonov, V. A. Sheleg, and S. V. Bolyanova 1
- Evaluation of the Scab Immune Apple Varieties and Hybrids Suitable for Juice Production
N. S. Levgerova, E. N. Sedov, E. S. Salina, and Z. M. Serova 7
- Obtaining of Transgenic Black Medic Plants with the Pea Defensin Gene
M. N. Agafodorova, I. A. Klimenko, L. F. Solozhenzeva, E. N. Baranova, A. O. Shamustakimova, and A. A. Gulevich 11
- Formation of the Hypersensitivity Response Due to the Expression of *FeSOD1* Gene in Tomato When It Is Inoculated with *Phytophthora Infestans*
E. N. Baranova, L. V. Kurenina, A. N. Smirnov, O. O. Beloshapkina, and A. A. Gulevich 15
-

Microbiology

- Endophytes from Maize with Plant Growth Promotion and Biocontrol Activity under Drought Stress
V. Sandhya, M. Shrivastava, Sk. Z. Ali, and V. Sai Shiva Krishna Prasad 22
-

Agrochemistry. Soil Science

- Biodynamics of Black Soils Leached under Different Agrotechnical Practices in Long-Term Field Experiments
L. D. Stakhurlova and A. F. Stulin 35
- Morphogenesis of Rice Meadow-Boggy Soils in Kuban River Region
O. A. Gutorova and A. Kh. Sheudzhen 40
-

Agroforestry

- Role of Photosynthetic Potential in Identifying the Regularities of Functioning of the Bioproductivity of Agrobiocenoses
O. V. Ruleva and N. N. Ovechko 44
-

Animal Husbandry

- Effect of *GH* and *DGATI* Gene Polymorphism on Feeding Qualities of Bull Calves
T. A. Sedykh, E. A. Gladyr, V. R. Kharzinova, R. S. Gizatullin, and L. A. Kalashnikova 48
- Scientific Justification for Determination of the Daily Output of Cow Excrement
L. P. Kormanovskii, I. K. Tekuchev, M. S. Tekucheva, and Yu. N. Chernovol 53
-

Fodder Production

- In Vitro Study of Complexing Properties of High-Molecular Water-Soluble Polymer in Relation to Model Protein
V. V. Bydanova 57
- The Effect of Silver Nanoparticle on Fenugreek Seed Germination under Salinity Levels
Seyed Saeid Hojjat and Maryam Kamyab 61
-

Veterinary Medicine

Negative Impact of Immunofan Modulation on a Result of Specific Therapy of Helminthiases

O. I. Mamykova

66

Mechanization

Simulation of Soil-Cutting Blade Wear in an Artificial Abrasive Environment
Based on the Similarity Theory

*A. Yu. Izmailov, I. V. Liskin, Ya. P. Lobachevsky, S. A. Sidorov, V. K. Khoroshenkov,
A. V. Mironova, and E. S. Luzhnova*

71

The Effect of Using Passive Hybrid Muffler on a Small Generator Set Noise Fuelled
by Natural Gas

Z. Ghorbani, S. R. Hassan-Beygi, and B. Ghobadian

75

Heat Balance of the Unit for Grass Meal Production

V. I. Syrovatka

84

Modeling

Modeling Agroameliorative Landscapes of Estuary Irrigation Systems in the Republic of Kalmykia

E. B. Dedova, V. V. Borodychev, and M. A. Sazanov

88

Cluster Analysis of Results of Pressurized Hydraulic System Simulation

S. N. Karambirov, M. A. Mordyasov, and P. M. Umansky

93
