

Journal of Plant Pathology

Volume 99 (1) March 2017

ISSN 1125-4653
CODEN JPPLDH
99.2017,1
Journal of plant path

Formerly *Rivista di patologia vegetale*

established in 1892

Contents

- 1 Acknowledgement of reviewers, 2016
- 5 An African perspective on tospoviruses (OFFERED REVIEW)
C. Karavina and A. Gubba
- 17 H₂O₂ is involved in cAMP-induced inhibition of sclerotia initiation and maturation in the sunflower pathogen *Sclerotinia sclerotiorum*
Y. Hou, R. Na, M. Li, R. Jia, H. Zhou, L. Jing and J. Zhao
- 27 Exploitation of promising native strains of *Bacillus subtilis* with antagonistic properties against fungal pathogens and their PGPR characteristics
N. Singh, S. Ruina, D. Singh, M. Ghosh and A.I.A.I. Heflish
- 37 A multiplex RT-PCR assay for simultaneous detection of five viruses in potato
R. Kumar, A. Jeevalatha, R. Baswaraj, R. Kumar, S. Sharma and M. Nagesh
- 47 Augmentation of biochemical defense against *Alternaria* blight of mustard by induction of drought stress
S.A. Mallick, P. Kumari, M. Gupta, S. Gupta and M.I. Jeelani
- 61 Humic substances: a powerful tool for controlling fusarium wilt disease and improving the growth of cucumber plants
M.M.I. Afifi, A.M. Ismail, S.M. Kamel and T.A. Essa
- 69 Impact of antioxidants and micronutrients as fungicides alternatives in improvement of antagonism of *Trichoderma* spp. against *Sclerotinia sclerotiorum*
S.A.M. Yousef, M.M. El-Metwally and N.R. El-Ghareeb
- 77 Combined use of *Brassica carinata* seed meal, thyme oil and a *Bacillus amyloliquefaciens* strain for controlling three soil-borne fungal plant diseases
C. Pane, D. Villecco and M. Zaccardelli
- 85 *Fusarium proliferatum*, the main cause of clove rot during storage, reduces clove germination and causes wilt of established garlic plants
I.F. Elshabawy, N.M. Saied and A.A. Morry
- 95 Apple proliferation disease in Croatian orchards: a molecular characterization of 'Candidatus phytoplasma mali'
I. Križanac, J. Plavec, Ž. Budinščak, D. Ivić, D. Škorić and M. Šeruga Musić
- 103 Variability in production of gibberellic acid and fusaric acid by *Fusarium moniliforme* and their relationship
A. Puyam, P.P.S. Panmu, J. Kaur and S. Sethi
- 109 Pomegranate bacterial blight: symptomatology and rapid inoculation technique for *Xanthomonas axonopodis* pv. *punicae*
J. Sharma, K.K. Sharma, A. Kumar, K.K. Mondal, S. Thakor, A. Maity, R. Gharate, S. Ghinchure and V.T. Jadhav
- 121 Different rice blast resistance genes contributing to the broad-spectrum resistance in elite male sterile and restorer lines for hybrid rice breeding
Z.-X. Zhao, S.-L. Zhao, J. Shi, F. Huang, Y. Li, J. Fan and W.-M. Wang
- 131 Induction of antioxidant enzymes and isozymes profile of chickpea genotypes under compatible and incompatible interactions with fusarium wilt
C.V. Patel, H.P. Gajera, H.Z. Hirpara and B.A. Golakiya
- 141 Symptomless reservoirs of *Fusarium oxysporum* f. sp. *fragariae* and alternative hosts of *Fusarium solani* pathogenic to strawberry
A.M. Pastrana, M.J. Basallote-Ureba and N. Capote
- 149 *Pectobacterium carotovorum* subsp. *odoriferum* on cabbage and chinese cabbage: identification, characterization and taxonomic relatedness of bacterial soft rot causal agents
M. Oskiera, M. Kaluzna, B. Kowalska and U. Smolińska
- 161 Evaluation of wheat cultivars growing in Kazakhstan and Russia for resistance to tan spot
A. Kokebmetova, O. Kremneva, G. Volkova, M. Atisbova and Z. Sapakhova
- 169 Involvement of *Oplidium bornovanus* and *O. virulentus* in the occurrence of melon root rot and vine decline caused by *Monosporascus cannonballus* in central Italy
M.P. Aleandri, D. Martignoni, R. Reda, A. Alfaro-Fernández, M.I. Font, J. Armengol and G. Chilosi

EDIZIONI ETS, Pisa, Italy

Poste Italiane S.p.A. - Spedizione in Abbonamento Postale - D.L. 353/2003
(conv. in L. 27/02/2004 n° 46) art. 1, comma 1 - DCB AREA CENTRO 1/Pisa.

ISSN 1125-4653

- 177 **Stability of tetraconazole-resistant isolates of *Cercospora beticola* after exposure to different temperature and time treatments**
S. Arabiat, M.F.R. Khan, M. Bolton and G. Secor
- 185 **Involvement of reactive oxygen species and the induction of the cellular antioxidant machinery in the necrotic death of two *Capsicum annuum* cultivars with different sensitivity to *Phytophthora capsici***
M.E. Requena, C. Egea-Gilabert and M.E. Candela
- 197 **Molecular characterization of *Erwinia amylovora* strains originated from pome fruits and indigenous plant in Montenegro**
D. Radunović, V. Gavrilović, K. Gašić, M. Paunović, V. Stojšin and M. Grabovac
- 205 **Metalaxyl sensitivity and aggressiveness of *Phytophthora colocasiae* isolates associated with taro leaf blight disease**
J. Adomako, C. Kwoseh and E. Moses
- 211 **Molecular analysis of the suppression of *Colletotrichum falcatum* by *Trichoderma harzianum* in sugarcane**
E. Elamathi, P. Malathi, R. Viswanathan and A. Ramesh Sundar
- 219 **Detection and partial characterization of a 16SrIX-C phytoplasma associated with hemp witches'-broom in Iran (SHORT COMMUNICATION)**
R. Rasoulpour, M. Salehi and E. Salebi
- 225 **Field applications of *Trichoderma* reduce pineapple fusariosis severity and increase fruit weight (SHORT COMMUNICATION)**
R.O. Trocoli, F.P. Monteiro, P.O. Santos and J.T. De Souza
- 229 **A method of acquiring inoculum of Rice black streaked dwarf virus from wheat dark-green dwarf diseased plants to screen maize for resistance to maize rough dwarf disease (SHORT COMMUNICATION)**
X.Y. Cao, L.L. Du, J.Y. Lv, X.F. Ma, X. Wang, Y.J. Fan, Y.J. Zhou and T. Zhou
- 233 **Characterization of lytic bacteriophage Xcc9SH3 infecting *Xanthomonas campestris* pv. *campestris* (SHORT COMMUNICATION)**
Renu, M.S. Bhojyar, U.B. Singh, U. Sabu, D.T. Nagrale and P.K. Sabu
- 239 **Efficacy of phenolic-rich extracts from leaves of pepper landraces against *Alternaria* leaf blight of tomato (SHORT COMMUNICATION)**
C. Pane, F. Fratianni, F. Raimo, F. Nazzaro and M. Zaccardelli
- 245 **Occurrence of *Fusarium equiseti* as a contaminant of *Diplotaxis tenuifolia* seeds**
G. Gilardi, I. Pintore, M.L. Gullino and A. Garibaldi
- 249 **Vertical distributions of *Fusarium* spp. infections on mature wheat ears under natural field conditions (SHORT COMMUNICATION)**
P. Hellin and A. Legrève
- 255 **Characterization of Grapevine leafroll-associated virus 4 from Indian vineyards (SHORT COMMUNICATION)**
R. Rai, S.M. Paul Khurana, S. Kumar, S.K. Sharma, S. Watpade and V.K. Baranwal
- 261 **A multiplex RT-PCR for simultaneous detection of the agents of yellow speckle and vein banding diseases in grapevine (SHORT COMMUNICATION)**
G. Ahmadi, M. Hajizadeh and V. Roumi
- 267 **First report of Cherry tomato leaf curl virus and associated DNA satellites infesting an invasive weed in Pakistan (SHORT COMMUNICATION)**
F. Qurasbi, M.N. Sattar, Z. Iqbal and M.S. Haider
- 273 **Huanglongbing: causal disease for decline of *Citrus reticulata* and *Citrus macroptera* production in Tripura, northeast India (SHORT COMMUNICATION)**
D.L. Kaipeng, K. Karmakar, S. Ghosh, L. Rahaman, N. Nath and B.K. Sharma
- 279 **Real-time RT-qPCR detection of Cherry rasp leaf virus, Cherry green ring mottle virus, Cherry necrotic rusty mottle virus, Cherry virus A and Apple chlorotic leaf spot virus in stone fruits (SHORT COMMUNICATION)**
F. Osman, M. Al Rwahnih and A. Rowhani
- 287 **First report of Persimmon cryptic virus in Spain (DISEASE NOTE)**
A.B. Ruiz-García, N. Chamberland, C. Martínez, S. Massart and A. Olmos
- 287 **First report of anthracnose on wax apple in Malaysia caused by *Colletotrichum gloeosporioides* (DISEASE NOTE)**
J.R. Al-Obaidi, N. Mohd Hanafi and T.H. Hong
- 288 **First report of gall disease in mango trees caused by *Fusarium decemcellulare* in Dominican Republic (DISEASE NOTE)**
E. García-López, J.A. Mora-Aguilera, E. Hernández-Castro, C.J. Jiménez-Vásquez, C.M. Batista-Marte and C. Serra
- 288 **First report of powdery mildew caused by *Oidium heliotropii-indici* on *Heliotropium indicum* in India (DISEASE NOTE)**
A.K. Nayak and B.K. Babu
- 289 **First report of powdery mildew on *Lagenaria siceraria* caused by *Podosphaera xanthii* in India (DISEASE NOTE)**
A.K. Nayak and B.K. Babu
- 289 **First report of *Citrus depressa* as a new natural host of *Xanthomonas citri* subsp. *citri* pathotype A in Taiwan (DISEASE NOTE)**
C.J. Huang and H.F. Ni
- 290 **First report of *Chilli veinal mottle virus* in tomato in Pakistan (DISEASE NOTE)**
A. Ahmad and M. Ashfaq
- 290 **Occurrence of Citrus yellow vein clearing virus in citrus species in Iran (DISEASE NOTE)**
S.M. Bani Hashmian and S. Aghajanzadeh
- 291 ***Melochia corchorifolia*, a new host of 16SrI-B phytoplasma in China (DISEASE NOTE)**
W. Chen, Y. Li, F. Liu, L.Y. Zeng, L. Ren, L. Xu, R.K. Chen and X.P. Fang
- 291 **First report of *Tomato spotted wilt virus* in hot pepper in Pakistan (DISEASE NOTE)**
M. Ashfaq and A. Ahmad
- 292 **First report of *Iris mild mosaic virus* from *Iris xiphium* in Iran (DISEASE NOTE)**
M. Nateqi, A. Dizadji, M. Koobi Habibi and S. Movi
- 292 **First report of *Diplodia seriata* as causal agent of almond tree branch dieback in Tunisia (DISEASE NOTE)**
Y. Gharbi, M. Cheffi, E. Bouazizi, I. Medhioub, S. Krid, I. Hammami, F. Ayadi Feki, J. Bouhamed and M.A. Triki
- 293 **First report of Citrus bent leaf viroid in Malaysia (DISEASE NOTE)**
Y.W. Khoo, Y. Iftikhar, T. Murugan, N.A. Roslin, R. Adawiyah, L.L. Kong and G. Vadamalai

- 293 *Candidatus Liberibacter asiaticus* causing citrus huanglongbing on *Citrus sinensis* in Bangladesh (DISEASE NOTE)
M.M.H. Tipu, M.R. Islam and M. Azmatullah
- 294 First report on isolation of soft rot *Pectobacterium carotovorum* subsp. *carotovorum* from symptomless bittersweet nightshade occurring in rural area in Poland (DISEASE NOTE)
J. Fikowicz-Krosko, K. Wszalek-Rozek, A. Smolarska and R. Czajkowski
- 294 First report of *Neofusicoccum parvum* causing shoot blight and plant decay on pomegranate in Tarquinia, Italy (DISEASE NOTE)
L. Riccioni, M.T. Valente and G. Di Giambattista
- 295 First report of *Lasiodiplodia theobromae* causing apple and immature nut rots on cashew in India (DISEASE NOTE)
V.H. Prathibha, V. Hegde, K.M. Sbaradraj and P. Chowdappa
- 295 First report of *Nigrospora sphaerica* causing leaf spot of kinnow mandarin in Pakistan (DISEASE NOTE)
M.W. Alam, A. Rehman, M.L. Gleason, K. Riaz, M. Saira, S. Aslam, H. Rosli and S. Mubammad
- 296 First report of *Sclerotinia sclerotiorum* causing sclerotinia rot on *Lens culinaris* in west of Iran (DISEASE NOTE)
M. Mahdikhani and A. Aghaalikhani
- 296 First report of *Onion yellow dwarf virus* infecting onion in Ecuador (DISEASE NOTE)
Y. Sivaprasad, P. Garrido, K. Mendez, S. Pachacama, A. Garrido and L. Ramos
- 297 First report of *Botrytis* spp. as a postharvest pathogen of strawberry in Pakistan (DISEASE NOTE)
M.W. Alam, A. Rehman, M.L. Gleason, A.U. Malik, M. Amin, H. Rosli, S. Ali and M. Fiaz
- 297 First report of botrytis blight caused by *Botrytis cinerea* on *Helichrysum bracteatum* in Italy (DISEASE NOTE)
A. Garibaldi, D. Bertetti, S. Franco Ortega, P. Pensa and M.L. Gullino
- 298 First report of *Dickeya solani* associated with potato blackleg and soft rot in Turkey (DISEASE NOTE)
M. Ozturk and H.M. Aksoy
- 298 First report of *Pepper cryptic virus 2* infecting pepper in China (DISEASE NOTE)
M. Sun, C.C. Jing, G.T. Wu, X.C. Sun, Y. Liu and L. Qing
- 299 First report of *Onion yellow dwarf virus* in garlic from Nigeria (DISEASE NOTE)
S. Majumder, V. Yadav, M.A. Yakasai and J.Y. Mubammad
- 299 First report of *Cucurbit aphid-borne yellows virus* affecting summer squash and melon in Montenegro (DISEASE NOTE)
J. Zindovic, A. Manglli, S. Hrnčić, S. Radonjic, T. Perovic and L. Tomassoli
- 300 First report of *Alternaria alternata* causing brown leaf spot of potato in Pakistan (DISEASE NOTE)
A.A. Shabid, S. Iftikhar, K. Nawaz, W. Anwar and M. Ali
- 300 First report on *Mycosphaerella mori* on *Morus nigra* and *M. rubra* in Poland (DISEASE NOTE)
K. Pieczul, E. Jajor, A. Perek and I. Świerczyńska
- 301 First report of stem rot disease of parsley caused by *Sclerotinia sclerotiorum* in Turkey (DISEASE NOTE)
Ş. Kurt, A. Uysal, M. Kara, S. Soylu and E.M. Soylu
- 301 First report of a gray mold on *Lilium cernuum* Komar. leaves caused by *Botrytis cinerea* in Liaoning province of China (DISEASE NOTE)
L.J. Chen, Y.Y. Yin, Sh.K. Sun and J. Sun
- 302 First report of *Colletotrichum sansevieriae* causing anthracnose on *Sansevieria trifasciata* in Iran (DISEASE NOTE)
O. Karimi, M.A. Tajick Ghanbari, S. Bagherabadi and Y. Moradi Amirabad
- 302 First report of *Cytospora punicae* causing fruit rot on pomegranate in Italy (DISEASE NOTE)
A. Mincuzzi, S.M. Sanzani, F. Garganese, A. Ligorio and A. Ippolito
- 303 First report of *Talaromyces albiverticillius* causing postharvest fruit rot on pomegranate in Italy (DISEASE NOTE)
A. Mincuzzi, S.M. Sanzani, F. Garganese, A. Ligorio and A. Ippolito
- 303 First report of *Grapevine Syrah virus 1* in grapevine in Turkey (DISEASE NOTE)
K. Caglayan, M. Gazel and H.D. Kocabag
- 304 First report of rust caused by *Coleosporium campanulae* on *Campanula rapunculoides* in Italy (DISEASE NOTE)
A. Garibaldi, G. Gilardi, S. Matic and M.L. Gullino
- 304 First report of *Tomato spotted wilt virus* infecting pepper in Ecuador (DISEASE NOTE)
Y. Sivaprasad, P. Garrido, K. Mendez, S. Pachacama, A. Garrido and L. Ramos
