

ORIGINAL ARTICLES

Correlation of trichome density and length and polyphenol fluorescence with susceptibility of five cucurbits to *Didymella bryoniae*

G. Rennberger · A.P. Keinath · M. Hess 313

An in silico approach for characterization of encoded protein from *Rdr1*, a black spot resistance gene in *Rosa multiflora*

S. Taheri · T.L. Abdullah · M. Sahebi · P. Azizi 319

Seed health of organic peas and faba beans and its effects on the health of the harvested grains

M.F. Saeed · J. Baćanović · C. Bruns · H. Schmidt · M.R. Finckh 331

Nematicidal potential of aqueous and ethanol extracts gained from *Datura stramonium*, *D. innoxia* and *D. tatula* on *Meloidogyne incognita*

D. Babaali · J. Roeb · M. Hammache · J. Hallmann 339

A *Muscodor* strain isolated from *Citrus sinensis* and its production of volatile organic compounds inhibiting *Phyllosticta citricarpa* growth

L.C. Pena · L.F. Jung · D.C. Savi · A. Serviński · R. Aluizio · E.H. Goulin · L.V. Galli-Terasawa · B.H.L. de Noronha Sales Maia · V. Annies · C.R.C. Franco · C. Glienke · V. Kava 349

Soil disinfestation with dimethyl disulfide for management of *Fusarium* wilt on lettuce in Italy

G. Gilardi · M.L. Gullino · A. Garibaldi 361

Winter wheat yield loss in response to *Avena fatua* competition and effect of reduced herbicide dose rates on seed production of this species

O. Jäck · A. Menegat · R. Gerhards 371

Effectiveness of lime sulphur and other inorganic fungicides against pear scab as affected by rainfall and timing application

L. Jamar · J. Song · F. Fauche · J. Choi · M. Lateur 383

SHORT COMMUNICATIONS

***Meloidogyne ethiopica* parasitizing melon fields in Rio Grande do Sul State, Brazil**

C. Belle · T.E. Kasparý · M.Z. Groth · K.L.T. Cocco 393

The exceptionality of stress response in *Magnaporthe oryzae*: a set of “salt stress-induced” genes unique to the rice blast fungus

S. Jacob · A. Yemelin · S. Bohnert · K. Andresen · E. Thines 399

***Phytophthora chlamydospora* and *P. megasperma* associated with root and crown rot of sour cherry in Turkey**

İ. Kurbetli · M. Aydoğdu · G. Sülü 403

Occurrence of Grapevine Pinot gris virus in Poland and description of asymptomatic exhibitions in grapevines

A. Eichmeier · K. Pieczonka · E. Peňázová · J. Pečenka · Z. Gajewski 407
