

## **Special Issue—Headwater Regions (Guest Editors: Steven R. FASSNACHT, Ryan W. WEBB, William E. SANFORD)**

- 443 Steven R. FASSNACHT, Ryan W. WEBB, William E. SANFORD**  
Headwater regions – Physical, ecological, and social approaches to understand these areas:  
introduction to the special issue

### **Overview**

- 447 Ellen WOHL**  
The significance of small streams
- 457 N.B.H. VENABLE**  
Hydroclimatological data and analyses from a headwaters region of Mongolia as boundary  
objects in interdisciplinary climate change research

### **Snow**

- 469 Molly E. TEDESCHE, Steven R. FASSNACHT, Paul J. MEIMAN**  
Scales of snow depth variability in high elevation rangeland sagebrush
- 482 Ryan W. WEBB**  
Using ground penetrating radar to assess the variability of snow water equivalent and melt in a  
mixed canopy forest, Northern Colorado
- 496 Christine E. WEHNER, John D. STEDNICK**  
Effects of mountain pine beetle-killed forests on source water contributions to streamflow in  
headwater streams of the Colorado Rocky Mountains

*(contents continued on inside back cover)*

*(contents continued from outside back cover)*

- 505 **S.R. FASSNACHT, J.I. LÓPEZ-MORENO, C. MA, A.N. WEBER, A.K.D. PFOHL, S.K. KAMPF, M. KAPPAS**  
Spatio-temporal snowmelt variability across the headwaters of the Southern Rocky Mountains
- 515 **Alba SANMIGUEL-VALLELADO, Enrique MORÁN-TEJEDA, Esteban ALONSO-GONZÁLEZ, Juan Ignacio LÓPEZ-MORENO**  
Effect of snow on mountain river regimes: an example from the Pyrenees
- 531 **E. RETS, J. CHIZHOVA, N. LOSHAKOVA, I. TOKAREV, M. KIRIEVA, N. BUDANTSEVA, Yu.K. VASILCHUK, N. FROLOVA, V. POPOVNIN, P. TOROPOV, E. TERSKAYA, A. SMIRNOV, E. BELOZEROV, M. KARASHOVA**  
Using isotope methods to study alpine headwater regions in the Northern Caucasus and Tien Shan

### **Water Quality, Macroinvertebrates, and Sediment Transport**

- 544 **Daniel KARTHE, Pei-Ying LIN, Katja WESTPHAL**  
Instream coliform gradients in the Holtemme, a small headwater stream in the Elbe River Basin, Northern Germany
- 554 **Na ZHAO, Mengzhen XU, Zhiwei LI, Zhaoyin WANG, Hanmi ZHOU**  
Macroinvertebrate distribution and aquatic ecology in the Ruoergai (Zoige) Wetland, the Yellow River source region
- 565 **Sergey R. CHALOV, Anatolii S. TSYPLENKOV, Jan PIETRON, Aleksandra S. CHALOVA, Danila I. SHKOLNYI, Jerker JARSJÖ, Michael MAERKER**  
Sediment transport in headwaters of a volcanic catchment – Kamchatka Peninsula case study

### **Lakes and Reservoirs**

- 579 **Vera KIDYAEVA, Sergey CHERNOMORETS, Inna KRYLENKO, Fangqiang WEI, Dmitry PETRAKOV, Pengcheng SU, Hongjuan YANG, Junnan XIONG**  
Modeling potential scenarios of the Tangjiashan Lake outburst and risk assessment in the downstream valley
- 592 **Jianwen BAI, Zhenyao SHEN, Tiezhu YAN**  
A comparison of single- and multi-site calibration and validation: a case study of SWAT in the Miyun Reservoir watershed, China
