
Correlation and variability between weighing, counting and analytical methods to determine ergot (<i>Claviceps purpurea</i>) contamination of grain	209
<i>T. Grusie, V. Cowan, J. Singh, J. McKinnon and B. Blakley</i>	
Real time PCR: a good tool to estimate mycotoxin contamination in pig diets	219
<i>A. Okorski, M. Polak-Śliwińska, K. Karpiesiuk, A. Pszczółkowska and W. Kozera</i>	
Verrucarin A and roridin E produced on rocket by <i>Myrothecium roridum</i> under different temperatures and CO₂ levels	229
<i>P. Bosio, I. Siciliano, G. Gilardi, M.L. Gullino and A. Garibaldi</i>	
Bioactive compounds in <i>Diospyros mafiensis</i> roots inhibit growth, sporulation and aflatoxin production by <i>Aspergillus flavus</i> and <i>Aspergillus parasiticus</i>	237
<i>J.A. Mmongoyo, M.G. Nair, J.E. Linz, F. Wu, J.K. Mugula, A.A. Dissanayake, C. Zhang, D.M. Day, J.M. Wee and G.M. Strasburg</i>	
Single aflatoxin B₁ exposure induces changes in gut microbiota community in C57Bl/6 mice	249
<i>A.T. Ishikawa, J.S. Weese, A.P.F.R.L. Bracarense, A.A. Alfieri, G.G. Oliveira, O. Kawamura, E.Y. Hirooka, E.N. Itano and M.C. Costa</i>	
Mitigation potential of distillery sludge against ochratoxin A induced immunological alterations in broiler chicks	255
<i>A. Khatoon, M.Z. Khan, Z. Abidin, A. Khan and M.K. Saleemi</i>	
Tissue distribution of ochratoxin A in pigs after administration of two-levels contaminated diets	263
<i>A. Altafini, S. Armorini, A. Zaghini, L. Sardi and P. Roncada</i>	
Safety of low and high cost dry feed intended for dogs in Brazil concerning fumonisins, zearalenone and aflatoxins	273
<i>E.M.K. Teixeira, M.S. Frehse, R.L. Freire, M.A. Ono, J.G. Bordini, M.T. Hirozawa and E.Y.S. Ono</i>	
Natural occurrence of deoxynivalenol and deoxynivalenol-3-glucoside in various wheat cultivars grown in Jiangsu province, China	285
<i>F. Dong, S. Wang, M. Yu, Y. Sun, J. Xu and J. Shi</i>	
World Mycotoxin Agenda	295
