

CONTENTS

Articles

- MALYSHEVA, S.V & SUMAYA, N.H.N.— Two new species of *Heth* Cobb, 1898 (Nematoda: Ransomnematodea) from Northern Mindanao, the Philippines 1003-1015
- ABOLAFIA, J. & PEÑA-SANTIAGO, R.— On the identity of *Chiloplacus magnus* Rashid & Heyns, 1990 and *C. insularis* Orselli & Vinciguerra, 2002 (Rhabditida: Cephalobidae), two confusable species 1017-1034
- PIETERSE, A., TIEDT, L.R., MALAN, A.P. & ROSS, J.L.— First record of *Phasmarhabditis papillosa* (Nematoda: Rhabditidae) in South Africa, and its virulence against the invasive slug, *Deroceras panormitanum* 1035-1050
- MARIA, M., GU, J., TOMALAK, M., FANG, Y. & LI, H.— Description of *Ruehmaphelenchus quercophilus* n. sp. (Nematoda: Aphelenchoididae) from dying oak, *Quercus robur*, in Poland 1051-1064
- SUBBOTIN, S.A., AKANWARI, J., NGUYEN, C.N., CID DEL PRADO VERA, I., CHITAMBAR, J.J., INSERRA, R.N. & CHIZHOV, V.N.— Molecular characterisation and phylogenetic relationships of cystoid nematodes of the family Heteroderidae (Nematoda: Tylenchida) 1065-1081
- MENÉNDEZ-GUTIÉRREZ, M., MATSUNAGA, K. & TOGASHI, K.— Relationship between pine wilt-tolerance rankings of *Pinus thunbergii* trees and the number of *Bursaphelenchus xylophilus* passing through branch sections 1083-1093
- MARIA, M., GU, J., FANG, Y., HE, J., CASTILLO, P. & LI, H.— *Radopholoides japonicus* n. sp. (Nematoda: Pratylenchidae) found in rhizosphere soil associated with *Podocarpus macrophyllus* from Japan 1095-1105
- FILIPIAK, A., WIECZOREK, P. & TOMALAK, M.— Multiplex polymerase chain reaction for simultaneous detection and identification of *Bursaphelenchus xylophilus*, *B. mucronatus* and *B. fraudulentus* – three closely related species within the *xylophilus* group 1107-1116

Short communication

- MOHAN, S.— Baiting entomopathogenic nematodes: traditional earthenware pots are superior to conventional plastic containers 1117-1120

Obituary

- SKANTAR, A.— Virginia Rogers Ferris 1121-1122
