

Contents of Vol. 190

Boltizár, O., Müller, T., Urbányi, B., Csenki, Z., Bakos, K., Staszny, Á., Hegyi, Á., Kucska, B., Kucharczyk, D. & Horváth, L.: Predatory effect of Copepods on the larvae of some freshwater fish	349–356
Debeljak, B., Simčič, T., Ciglič, R., Pflieger, M. & Mori, N.: Spatio-temporal variation in microbial respiration in the shallow hyporheic zone of pre-Alpine rivers related to catchment land use	265–277
Dembowska, E. A. & Kubiak-Wójcicka, K.: Influence of water level fluctuations on phytoplankton communities in an oxbow lake	221–233
Di Cugno, N. & Robinson, C. T.: Trophic structure of macroinvertebrates in alpine non-glacial streams	319–330
Dias, J. D., Miracle, M. R. & Bonecker, C. C.: Do water levels control zooplankton secondary production in Neotropical floodplain lakes?	49–62
Duff, J. A., Osier, M. N., Schwartz, S. & Cohen, R. A.: Nutrient availability alters alkyl polyglucoside toxicity to the freshwater microalga <i>Chlorella</i> sp.	173–181
Eid, E. M., Keshta, A. E., Shaltout, K. H., Baldwin, A. H. & El-Din, A. A. S.: Carbon sequestration potential of the five Mediterranean lakes of Egypt	87–96
Gama, M., Marquéz, L., Banha, F. & Anastácio, P.: Coexistence patterns between the invasive amphipod <i>Crangonyx pseudogracilis</i> and native <i>Echinogammarus meridionalis</i> : a laboratory approach	133–140
García-Roger, E. M.: Benthic invertebrate community structure and biological traits along a flow intermittence gradient in a Mediterranean stream	117–132
Huang, W., Liu, J., Shi, Q. & Xing, W.: Characteristics of the elemental stoichiometry of submerged macrophytes and their relationships with environments in Honghu Lake (China)	299–308
Kaliszewicz, A. & Gołębiewska, A.: Detection ability and response of <i>Hydra</i> to the presence of conspecifics	309–317
Külköylüoğlu, O., Yılmaz, S. & Yavuzatmaca, M.: Comparison of Ostracoda (Crustacea) species diversity, distribution and ecological characteristics among habitat types	63–86
Mikl, L., Adámek, Z., Roche, K., Všeticková, L., Šlapanský, L. & Jurajda, P.: Invasive Ponto-Caspian gobies in the diet of piscivorous fish in a European lowland river	157–171
Mikulski, A., Grzesiuk, M., Rakowska, A., Bernatowicz, P. & Pijanowska, J.: Thermal shock in <i>Daphnia</i> : cost of diel vertical migrations or inhabiting thermally-unstable waterbodies?	213–220
Pothoven, S. A. & Vanderploeg, H. A.: Changes in <i>Mysis diluviana</i> abundance and life history patterns following a shift toward oligotrophy in Lake Michigan	199–212
Poznańska-Kakareko, M., Budka, M., Żbikowski, J., Czarnecka, M., Kakareko, T., Jermacz, Ł. & Kobak, J.: Survival and vertical distribution of macroinvertebrates during emersion of sandy substratum in outdoor mesocosms	29–47
Rojo, C., Mosquera, Z., Álvarez-Cobelas, M. & Segura, M.: Microalgal and cyanobacterial assemblages on charophytes: a metacommunity perspective	97–115
Simić, S. B., Đorđević, N. B. & Milošević, D.: The relationship between the dominance of Cyanobacteria species and environmental variables in different seasons and after extreme precipitation	1–11

Sivarajah, B., Rühland, K. M. & Smol, J. P.: Are diatoms recovering to pre-acidification assemblages in a warming world? Revisiting Killarney Provincial Park lakes (Ontario, Canada).....	13–28
Sodré, E. d. O., Figueiredo-Barros, M. P., Roland, F., Esteves, F. d. A. & Bozelli, R. L.: Complimentary biodiversity measures applied to zooplankton in a recovering flood-plain lake.....	279–298
Stefanoudis, P. V., Sayer, C. D., Greaves, H. M., Davidson, T. A., Robson, H., Almeida, D. & Smith, E.: Consequences of fish for cladoceran, water beetle and macrophyte communities in a farmland pond landscape: implications for conservation.....	141–156
Tagwireyi, P., Sullivan, S. M. P. & Zhao, K.: Associations between riverine landscape patches and internal and external environmental determinants are scale dependent: evidence from the Scioto River, USA.....	235–249
Temizel, B., Soylu, E. N. & Maraşlıoğlu, F.: Water quality assessment of the Pazarsuyu Stream based on epilithic diatom communities.....	189–197
Vardakas, L., Kalogianni, E., Economou, A. N., Koutsikos, N. & Skoulikidis, N. T.: Mass mortalities and population recovery of an endemic fish assemblage in an intermittent river reach during drying and rewetting.....	331–347
von Fumetti, S., Dmitrović, D. & Pešić, V.: The influence of flooding and river connectivity on macroinvertebrate assemblages in rheocene springs along a third-order river.....	251–263
Zhao, J., Yin, X., Huang, S., Zhang, Y., Zhu, D., Hua, Y., Zhou, W. & Liu, G.: Distribution and diversity of anammox bacteria in two eutrophic lakes in Wuhan City, China.....	183–187
