

CONTENTS

RESEARCH ARTICLES

1. **Modulation of endogenous stem cells markers in the periodontal ligament of dental rat post traumatic avulsion following *Aloe vera* gel exposure** 225-230
Yuli Nugraeni, Wibi Riawan, Nur Permatasari, Edy Widjajanto and Respati S. Dradjat
2. **Induced mutagenesis in glory lily (*Gloriosa superba* L.) for economic variability** 231-236
S. Padmapriya and K. Rajamani
3. **Inoculation with microbial consortia enhances the growth, nutrition and oil concentration of *Ocimum sanctum*** 237-241
Jyothi E. and D.J. Bagyaraj
4. **Establishing seed germination and seedling vigour in Jyotishmati (*Celastrus paniculatus* Willd.)** 242-249
Manish Das
5. **Effect of graded levels of N through FYM, inorganic fertilizers and bio-fertilizers on growth, herbage yield, oil yield and economics of sweet basil (*Ocimum basilicum* L.)** 250-258
Baraa AL-mansour, M.A. Suryanarayana, D. Kalaivanan, K. Umesha and M. Vasundhara
6. **The teratogenic effects of the ethanolic extract of green tea (*Camellia sinensis*) in the larval stage of zebrafish (*Danio rerio*)** 259-267
Nurdiana, Subandi Reksohusodo, Mukhamad Nooryanto, Wayan Arsana Wiyasa
Siswanto, Sabatina Windyaningrum, Made Pradnyawati Chania and Fadilatul Muzayyanah
7. **Effect of cowpea (*Vigna unguiculata*) extract on leptin serum levels, weight of visceral fat and visceral fat levels of MDA in *Rattus norvegicus* treated with DMPA** 268-271
Ni Putu Mirah Yunita Udayani, Wisnu Barlianto, Edy Mustofa, Endang Sri Wahyuni and Wayan Agung Indrawan
8. **High Performance thin layer chromatographic quantification of key cholesterol reducing compound (β -sitosterol) from leaf, bark, fruit and root of *Terminalia arjuna*, *T. bellerica* and *T. chebula*** 272-278
Masuma Hakim, Dipika Rathod, Jitendriya Panigrahi, Saikat Gantait, Devanshi A Trivedi and Illa C. Patel
9. **Antibacterial and wound healing activity of *piper betle* extracts against multi-drug resistant strains** 279-283
Bela M. Nabar

SHORT COMMUNICATION

10. **The effect of water clover leaf juice (*Marsilea crenata*) against low blood calcium levels and osteogenesis in rats (*Rattus norvegicus*)** 284-286
Pratiwi Trisunuwati
11. **Underutilized vegetables with medicinal properties used by the *Adi* tribes of Arunachal Pradesh** 287-290
A.K. Phurailatpam, R. Senjam, K. Kartek, P. Ngangbam, T.M. Chanu and P. Heisnam
12. **Seed surface morphology in few *Swertia* species- A tool for species identification** 291-295
Veena Gupta and Anjali Kak
13. **Assessment of microbiological quality of raw medicinal plants used for the preparation of Ayurvedic drugs** 296-300
Harish Chandra, Archana Yadav, Rajendra Prasad and Babita Patni
