

NEMATOTOLOGY 20 (9), 2018

CONTENTS

Articles

- QING, X., PEREIRA, T.J., SLOS, D., COUVREUR, M. & BERT, W.— A new species of *Malenchus* (Nematoda: Tylenchomorpha) with an updated phylogeny of the Tylenchidae 815-836
- ZHUO, K., LIU, X., TAO, Y., WANG, H., LIN, B. & LIAO, J.— Morphological and molecular characterisation of three species of *Paratylenchus* Micoletzky, 1922 (Tylenchida: Paratylenchidae) from China, with a first description of the male *P. rostrocaudatus* 837-850
- EDMUNDS, C., POST, R.J., WILDING, C.S. & RAE, R.— A survey investigating the diversity and distribution of entomopathogenic nematodes in the UK and the first confirmed UK record of *Steinernema carpocapsae* 851-858
- MOATAMEDI, M., BAZGIR, E., ESFAHANI, M.N. & DARVISHNIA, M.— Genetic variation of bread wheat accessions in response to the cereal cyst nematode, *Heterodera filipjevi* 859-875
- GOLHASAN, B., HEYDARI, R., ESMAEILI, M. & KANZAKI, N.— Molecular and morphological characterisation of *Aphelenchoides kheirii* n. sp. (Nematoda: Aphelenchoididae) isolated from *Pinus nigra* in north-western Iran 877-888
- GU, J., TOMALAK, M., BRAASCH, H. & FANG, Y.— Redescription of *Bursaphelenchus eucarpus* Rühm, 1956 (Nematoda: Aphelenchoididae) associated with the apple bark beetle, *Scolytus mali* Bechstein, and the shothole borer, *S. rugulosus* Müller 889-903
- YOU, J., HU, Y. & WANG, C.— Application of seed germination pouch for culture and initial resistance screening of the soybean cyst nematode *Heterodera glycines* 905-909
