

ALLELOPATHY JOURNAL

Volume 45

Number 1

September 2018

RESEARCH PAPERS

- X.L. Jia, J.H. Ye, F.Q. Wang, L. Lu, Y.L. Hu, M.Z. Zheng, Q. Zhang, C.Z. Wu and H.B. Wang (China).** Identification of Allelochemicals responsible for soil degradation in continuously cropped Tea plantations **1**
- Y.Y. Li, P. Y. Li, F.Z. Wu, X.G. Zhou, Q.S. Han, J. Zhang, S.Y. Liu and S.W. Liu (China).** Effects of wheat intercropping on the nitrogen metabolism during senescence of cucumber leaves **13**
- C.O. Martendal, G.C. Mantovanelli, B. Reis, C. Cavaleiro, E.L.I. Iwamoto and C.M. Bonato (Brazil).** Effects of *Ocimum gratissimum* L. extract on the germination, respiration and growth of *Euphorbia heterophylla* L. **29**
- L. Baležentienė (Lithuania).** Allelopathic activity of two invasive *Impatiens* species in temperate climate of Lithuania **45**
- Z. Zhang, L.L. Deng, L.C. Wang, J. Liu, D. Li and Y.J. Liu (China).** Allelopathic potential of *Phragmites australis* extracts on the growth of invasive plant *Alternanthera philoxeroides* **55**
- X.X. Wang, Y.T. Szeto, C.C. Jiang and X.J. Wang (China).** Effects of *Litchi chinensis* leaf litter extract on the growth, photosynthesis and metabolic activity in *Microcystis aeruginosa* **65**
- Y. M. Bi, X. L. Jiao, J.F. Li, G.L. Tian, X. Lu, X.M. Zhang and W.W. Gao (China).** A comparison of extraction methods of phenolic acids in wheat and ginseng soil **77**
- T.D. Xuan, Y. Roni, Y. Andriana, T.D. Khanh, T.T.T. Anh, K. Kakar and M.S. Haqani (Japan).** Chemical profile, antioxidant activities and allelopathic potential of liquid waste from germinated brown rice **89**
- A. Stolarska, J. Wróbel, A. Telesiński, R. Widurski and M. Śnioszek (Poland).** Chemical composition of essential oils and their effects on biochemical parameters in seeds and seedlings of caraway (*Carum carvi* L.) **101**
- Yang Yang, Xiang Xinping and Wang Qin (China).** Cloning and functional analysis of flavanone 3-hydroxylase gene related to allelopathy in tillered onion **113**
- Z. Salah, N. Gaouar Benyelles, S. Abdelwahed, C. Baghdad, A. Jaouani, A. Masmoudi, A. Mosbah and A. Cherif (Algeria).** Allelochemicals response of *Citrus sinensis* L. cv. *Washington navel* against *Ceratitis capitata* Wied, 1824 (Diptera: Tephritidae) in Tlemcen region, Algeria **129**
