

Pacinovski, N., V. Dzabirski, G. Dimov, K. Porcu, G. Cilev, E. Eftimova, N. Nikolova, N. Mateva, B. Palasevski, G. Trajkovski and A. Palasevska. Accuracy of ac and at methods in milk recording in the Balkan Goats breed in Macedonia.	3
Atanassova, I., M. Banov, T. Shishkov, Z. Petkova, B. Hristov, P. Ivanov, E. Markov, I. Kirilov and M Harizanova. Relationships between soil water repellency, physical and chemical properties in hydrophobic technogenic soils from the region of Maritsa-Iztok Coal Mine in Bulgaria.	10
Atanassova I., M. Benkova, M. Banov, T. Simeonova, L. Nenova and M. Harizanova. Geochemical associations in technogenic soils (technosols) of contrasting hydrological characteristics from the region of maritsa-iztok coal mine in Bulgaria.	18
Ivanova, S., A. Dimitrova, T. Nikolova, S. Yordanov, R. Nedeva and K. Mateeva. Effect of Baykal EM-1 on growth development and microbiological status of suckling pigs.	27
Popova Z, I. Vurlev, M. Ivanova and E. Dimitrov. Optimum regional irrigation requirements under changing climate in Bulgaria.	33
Dimkova S., D. Ivanova, B. Stefanova, N. Marinova and S. Todorova. Chemical and technological characteristic of plum cultivars of <i>Prunus domestica</i> L.	43
Hristova D., D. Georgiev, B. Brashlyanova and P. Ivanova. Colour parameters of fresh and dried plum fruit of cultivar 'Tegera', after application of some conventional and organic fertilizers.	48
Ilieva Y., V. Planski, K. Hristov and P. Penchev. Comparative study on age of conception of buffalo heifers in different farming systems.	52
Kogan F., Z. Popova, R. Singh and P. Alexandrova. Early forecasting corn yield using ground truth data and vegetation health indices in Bulgaria.	57
Enchev S., K. Slanev, G. Kikindonov and Tz. Kikindonov. Effect of the hybridization on the green mass productivity in milky-wax stage of sorghum x sudangrass hybrids++.	68
Ivanova A. S., M. J. Angelova-Romova, Z. Y. Petkova, G. A. Antova and T. A. Hubenova. Chemical composition and fatty acid profile of lipids in carp (<i>Cyprinus carpio</i> L.) meat as affected by cooking methods.	73
