

Agricultural Research

VOLUME 61 NUMBER 4 DECEMBER 2018

Research articles

- Effect of narrow-leaved plantain cultivar on development of two geometrid pests, *Scopula rubraria* and *Epyaxa rosearia*
P. Gerard, B. H. Schwendel, K. Fraser and T. Eden 403
- Oviposition and development of two plantain pests, *Scopula rubraria* and *Epyaxa rosearia* (Lepidoptera: geometridae)
P. J. Gerard, B. A. Philip, C. M. Ferguson and T. M. Eden 414
- Improving irrigation water management using agent technology
P. Anthony and KC Birendra 425
- Effect of two irrigation rates on nitrate leaching from diverse or standard forages receiving spring deposited urine
A. J. Carlton, K. C. Cameron, G. R. Edwards, H. J. Di and T. J. Clough 440
- Live weight gain, animal behaviour and urinary nitrogen excretion of dairy heifers grazing ryegrass–white clover pasture, chicory or plantain
L. Cheng, O. Al-Marashdeh, J. McCormick, X. Guo, A. Chen, C. Logan, J. Z. Tao, H. Carr and G. Edwards 454
- Milk production does not benefit from mowing previously lax-grazed diverse pastures
G. S. Cun, G. R. Edwards and R. H. Bryant 468
- Growth and carcass trait association with variation in the somatostatin receptor 1 (SSTR1) gene in New Zealand Romney sheep
F. Zhao, H. Zhou, S. Li, Q. Fang, Y. Luo and J. G. H. Hickford 477
- Fermentation and chemical composition of guinea grass silage added with wheat meal and *Streptococcus bovis*
A. de Moura Zanine, E. A. Bonelli, D. J. Ferreira, A. L. Souza, E. M. Santos, R. M. A. Pinho, H. N. Parente and M. O. M. Parente 487
- ## Short communication
- Potential inhibition of urine patch nitrous oxide emissions by *Plantago lanceolata* and its metabolite aucubin
C. A. Gardiner, T. J. Clough, K. C. Cameron, H. J. Di, G. R. Edwards and C. A. M. de Klein 495
