

AGROCHIMICA

International Journal of Plant Chemistry,
Soil Science and Plant Nutrition
of the University of Pisa

Vol. 62 - No. 3 - July-September 2018

- M. VALENTINI, A. MARGON, S. COZZOLINO, A. CIAMPA, P. CANTONE, L. LEITA - ¹³C CPMAS-NMR spectroscopy for characterization of soil organic carbon in *terra rossa* pag. 203
- A.O. SHIRALE, V.K. KHARCHE, G.S. ROHI, B.P. MEENA - Ameliorative impact of different organic amendments on sodicity and nutrient dynamics in sodic black calcareous soils of Central India pag. 221
- D. FIERLI, T. HUARANCCA REYES, L. MARIOTTI, L. GUGLIEMINETTI, C.R. DAMIANI - Influence of the green microalga *Chlorella sorokiniana* on seed germination in *Arabidopsis thaliana* pag. 239
- C. SANMARTIN, X. YING, M.F. QUARTACCI, G. ANDRICH, F. VENTURI - Main operating conditions that can influence the evolution of a rosé wine during long-term storage: a kinetic approach pag. 253
- I. TAGLIERI, A. NARI, M. MACALUSO, C. SGHERRI, A. ZINNAI - Comparison between kinetics of hexose conversion in model solution and must carried on by two different yeast strains pag. 263
- G. LORENZINI, E. PELLEGRINI, C. NALI - A new “*Mission: Impossible*”: A mechanistic understanding of ozone impact and risk assessment on forest ecosystems? pag. 273
