

Journal of Plant Diseases and Protection

Volume 125 · Number 1 · February 2018

POSITION PAPER

Fusarium infection of malting barley has to be managed over the entire value chain

R. Hückelhoven · K. Hofer · A. Coleman · M. Heß 1

REVIEW

Benefits of hyperspectral imaging for plant disease detection and plant protection: a technical perspective

S. Thomas · M.T. Kuska · D. Bohnenkamp · A. Brugger · E. Alisaac · M. Wahabzada · J. Behmann · A.-K. Mahlein 5

ORIGINAL ARTICLES

First detection of a SDH variant with reduced SDHI sensitivity in *Phakopsora pachyrhizi*

K. Simões · A. Hawlik · A. Rehfus · F. Gava · G. Stammer 21

Evaluating the efficacy of STB resistance genes to Iranian *Zymoseptoria tritici* isolates

M. Dalvand · M.J. Soleimani Pari · D. Zafari 27

Transcriptomic effects of *Aspergillus alliaceus* on *Orobanche* during its pathogenesis

M. Aybeke 33

Cultivar mixtures as part of integrated protection of spring barley

A. Tratwal · J. Bocianowski 41

Efficacy of mass trapping and insecticides to control *Tuta absoluta* in Tunisia

A. Cherif · K. Harbaoui · L. Zappalà · K. Grissa-Lebdi 51

Incidence and characterization of the presence of phytoplasmas in *Fraxinus uhdei* related with Ash Yellow disease in Colombia

J.J. Filgueira · K.J. Ávila · K.R. López · P.A. Mugno · J.C. Zambrano · A.M. Cruz · L.A. Villamil-Garzón · A.M. Rodríguez 63

Suitability of *Cordyceps bassiana* and *Metarhizium anisopliae* for biological control of *Cosmopolites sordidus* (Germar) (Coleoptera: Curculionidae) in an organic Mexican banana plantation: laboratory and field trials

D. Negrete González · M.A. Ávalos Chávez · R. Lezama Gutiérrez · W. Chan Cupul · J. Molina Ochoa · E. Galindo Velasco 73

Fungal pathogens of shrubs in industrial cities

A. Ospanova · L. Anuarova · A. Spanbayev · A. Sharipova · B. Gabdulkhayeva · B. Zhumabekova · G. Darzhuman · Z. Tulegenova · S. Kabieva · K. Bairmurat 83

p25 pathogenicity factor deletion mutants of beet necrotic yellow vein virus occurring in sugar beet fields in Turkey

N.D. Kutluk Yilmaz · M. Arli-Sokmen · R. Kaya 89

SHORT COMMUNICATIONS

First report of G143A strobilurin resistance in *Cercospora beticola* in sugar beet (*Beta vulgaris*) in Poland

J. Piszczek · K. Pieczul · A. Kiniec 99

Susceptibility of some Papaveraceae plants to *Fusarium oxysporum* f. sp. *papaveris*

D. Bertetti · M.L. Gullino · A. Garibaldi 103

Investigation of disease occurrences and rapid diagnosis in grafted cactus

S.W. Hong · H.J. Cho · C.K. Shim · Y.-S. Kwak 109

Comparative tomato flower and pollinator hive microbial communities

Y. Kwon · J.-T. Lee · H.S. Kim · C. Jeon · Y.-S. Kwak 115
