

## Invited Review

- Genetic and Environmental Impacts on the Biosynthesis of Anthocyanins in Grapes  
 .....A. Azuma 1

## Original Articles

- Prediction of Skin Coloration of Grape Berries from Air Temperature  
 .....T. Sugiura, M. Shiraishi, S. Konno and A. Sato 18
- Seawater Application to Induce Moderate Stress and Improve Fruit Quality in Field-grown Satsuma Mandarin Trees  
 .....H. Yamada, S. Ito, D. Toshinari, K. Kataoka and T. Habu 26
- Growth Analysis of Potted Seedlings of Satsuma Mandarin (*Citrus unshiu* Marc.) under Different Light Conditions and Air Temperatures  
 .....T. Yano, A. Morisaki, K. Matsubara, S. Ito and M. Kitano 34
- Identification of QTLs for Agronomic Traits in the Japanese Chestnut (*Castanea crenata* Sieb. et Zucc.) Breeding  
 .....S. Nishio, S. Terakami, T. Matsumoto, T. Yamamoto, N. Takada, H. Kato, Y. Katayose and T. Saito 43
- Boron Enhances Antioxidative Defense in the Leaves of Salt-affected *Pistacia vera* Seedlings  
 .....V. Tavallali, S. Karimi and O. Espargham 55
- Comparative Study on Phytochemical Variations in Japanese F<sub>1</sub> Varieties of Bulb Onions and South-East Asian Shallot Landraces  
 .....N. A. Ariyanti, K. Torikai, R. P. Kirana, S. Hirata, E. Sulistyaningsih, S. Ito, N. Yamauchi, N. Kobayashi and M. Shigyo 63
- Establishing an Efficient Fruit Ripening Method for Sweet Pepper (*Capsicum annuum* L.) through Light Irradiation and Dark Processing  
 .....M. Takahashi, C. Yoshida and T. Komoda 73
- Plasticity of Morphology in Subterranean Stems in Long and Short Day in the Lotus (*Nelumbo nucifera*)  
 .....J. Masuda, Y. Ozaki, M. Hiramatsu, K. Sakai, J. Kim and H. Okubo 80
- Insertion of a Retrotransposon into a *Flavonoid 3'-hydroxylase* Homolog Confers the Red Root Character in the Radish (*Raphanus sativus* L. var. *longipinnatus* L. H. Bailey)  
 .....T. Masukawa, K.-S. Cheon, D. Mizuta, A. Nakatsuka and N. Kobayashi 89
- Comparative Analysis on Blossom-end Rot Incidence in Two Tomato Cultivars in Relation to Calcium Nutrition and Fruit Growth  
 .....T. D. Vinh, Y. Yoshida, M. Ooyama, T. Goto, K. Yasuba and Y. Tanaka 97
- Effects of Crossing and Selection for Seven Generations Based on Flower Vase Life in Carnations (*Dianthus caryophyllus* L.), and the Relationship between Ethylene Production and Flower Vase Life in the Breeding Lines  
 .....T. Onozaki, M. Yamada, M. Yagi, K. Tanase and M. Shibata 106
- Morphological and Simple Sequence Repeat Analysis to Clarify the Diversity of Natural *Lilium japonicum* and *L. auratum* Hybrids in the Hybrid Zone of the Izu Peninsula, Japan  
 .....S. Yamamoto, Y. Yamagiwa, Z. Inaba and T. Handa 115
- Effect of Different Photoperiods on Flower Opening Time in *Portulaca umbraticola*  
 .....T. E. Maguvu, Y. Higuchi and M. Shibata 124
- Estimation of Phylogeny of Nineteen Sedoideae Species Cultivated in Korea Inferred from Chloroplast DNA Analysis  
 .....M. S. Lim and S. H. Choi 132
- Identification of Flavonoids in Leaves of a Labile Bicolor Flowering Dahlia (*Dahlia variabilis*) 'Yuino'  
 .....S. Ohno, W. Hori, M. Hosokawa, F. Tatsuzawa and M. Doi 140
- Author Instructions ..... 149
