

JOURNAL OF ENTOMOLOGICAL RESEARCH

Vol. 42

March 2018

No. 1

CONTENTS

	PAGE
Silicon and acibenzolar-s-methyl to induce resistance against <i>Bemisia tabaci</i> biotype B and the effects on common bean plants – Marília Lara Peixoto, Fernando Ferrari Putti and Jair Campos Moraes	1
Optimization of predation condition of three <i>Orius</i> species (Heteroptera: Anthocoridae) with adjustable relative humidity using central composite design – Mehdi Dehghani-Zahedani, Ali Nazari and Alimorad Sarafrazi	5
Effect of sowing dates and insecticides on yellow mite, <i>Polyphagotarsonemus latus</i> infestation in jute – B.S. Gotyal, K. Selvaraj, S. Satpathy and S. Mitra	13
Linking soil physico-chemical properties with the recent upsurge of <i>Lepidiota mansueta</i> (Coleoptera: Scarabaeidae) in sugarcane ecosystem of Majuli river island, Assam, India – Dwiban Pujari, Badal Bhattacharyya, Himangshu Mishra, Sudhansu Bhagawati, Dhruva Jyoti Nath and Binoy Kumar Medhi	19
Seasonal incidence of major pests on soybean and their correlation with weather parameters – V.B. Shinde, D.G. More and S.C. Bokan	27
Surveying the type and amount of pesticide use in agricultural sector of Kashan, Iran – Rouhullah Dehghani, Mohammad Sabahi Bidgoli, Seyedmahdi Takhtfiroozeh, Somayeh Razi, Hakimeh Zamani, Leila Taghizadeh, Fatemeh Motaghirezaei, Zohreh Azarbad and Reza Zeraatkar	33
Relative toxicity of novel insecticides against <i>Spodoptera litura</i> (Fabricius) field populations – Sugandha Sharma and P.C. Sharma	41
Bio-efficacy and economics of a readymade mixed formulation and conventional insecticides against red pumpkin beetle and fruit fly infesting cucumber (<i>Cucumis sativus</i>) in Kullu valley of Himachal Pradesh – S.D. Sharma and Ramesh Lal	45
Bio-efficacy of different novel insecticides and their interaction between numbers of sprays against diamondback moth (<i>Plutella xylostella</i> L.) infesting cabbage – M.S. Sai Reddy, Sandeep Kumar Sathua, Arjun Sulagitti and N.N. Singh	51
Efficacy of certain insecticides against leafhopper and whitefly infesting Brinjal (<i>Solanum melongena</i> L.) – L.C. Raidu, R.S. Meena, M.A. Laichattiwar and C.P. Srivastava	57

Relative efficacy of bio-pesticides against fruit borer, <i>Helicoverpa armigera</i> (Hub.) on tomato – Vijay Kumar, M.K. Mahla, Jhumar Lal, I.M. Pinjara and Baddhri Prasad	61
Role of thermal stress on development of cross tolerance to toxins of <i>Bacillus thuringiensis</i> in wild <i>Culex quinquefasciatus</i> – Tapan K. Barik, T. Sarita Achari, Shyamasundari Padhy, Bijayalaxmi Sahu and Usha R. Acharya	67
Insecticide resistance in whitefly, <i>Bemisia tabaci</i> (Gennadius) on Cotton in Punjab – Vijay Kumar and G.K. Grewal	75
Persistent toxicity of some insecticides against <i>Spilosoma obliqua</i> (Walker) on rajmah and mulberry plants – Akanksha Chand and R.P. Srivastava	81
Effect of profenofos 50 EC on parasitization of <i>Opius</i> sp. (Hymenoptera: Braconidae) on tea leaf miner <i>Tropicomyia thea</i> (Cotes) – J. Alfred Daniel and K. Ramaraju	87
Effect of feeding mulberry variety V ₁ on the biology of different bivoltine silkworm (<i>Bombyx mori</i> L.) races – G.D. Temak, P.K. Nalwandikar and P.R. Shinde	93
Biology and life table study of <i>Spilarctia obliqua</i> Walker (Arctiidae: Lepidoptera) on different bast fibre crops – N. Bhattacharyya, K. Selvaraj, S. Satpathy and B.S. Gotyal	97
New record of two species of scoliid wasps (Hymenoptera: Scoliidae) from Kerala – P. Manju, P.M. Sureshan and P. Girish Kumar	103
Morphological characterization of weevils and blister beetle infesting <i>kharif</i> pulses in South-western Rajasthan of India – I.M. Pinjara, Ganesh S. Purushan, Vijay Kumar, Rahul Dhaker and R. Swaminathan	107
Taxonomic studies on <i>Bercaea cruentata</i> , <i>Lioproctia annandalei</i> and <i>Sarcosolomania kaushalensis</i> (Diptera: Sarcophagidae) of Indian origin – Manish Sharma, Palwinder Singh and Devinder Singh	113
Taxonomy of <i>Oxycetonia</i> Arrow, 1910 (Scarabaeidae: Cetoniinae) of Buxa Tiger Reserve, Dooars, West Bengal, India – Subhankar Kumar Sarkar, Sumana Saha and Dinendra Raychaudhuri	121
Studies on Genus <i>Hippotion</i> Hübner (Sphingidae: Lepidoptera) from India – Amritpal Singh Kaleka, Devinder Singh and Parminder Kaur	129
Examining the efficiency and determining the quality of the effluent of Wastewater Treatment Plant of Kashan University of Medical Sciences to achieve Engelberg guidelines – Maryam Tazimi, Ashraf Sadat Mazaheri, Hossein Hooshyar, Leila Iranshahi, Hamidreza Gilasi, Seyedmahdi Takhtfiroozeh, Fariba Khabiri and Mohammad Bagher Miranzadeh	135
Modeling of water consumption per capita in Kashan as an Iranian desert area with a view to Global warming – Faezeh Ghadami, Seyedmahdi Takhtfiroozeh, Zohreh Rajabi, Hossein Akbari and Davarkhah Rabbani	143
