

# Contents

## Genesis and Geography of Soils

- Diagnostics of Compaction of Arable Soils in the Transvolga Region in Saratov Oblast  
*A. S. Sorokin and G. S. Kust* 1
- Cartographic Assessment of Soil Diversity in Russia  
*I. O. Alyabina* 5

## Ecological Safety

- Adaptive Capability of the VERT\_MIG Algorithm to Simulate Vertical Migration of Radionuclides in Soils  
*S. V. Mamikhin, D. N. Lipatov, D. V. Manakhov, T. A. Paramonova, V. V. Stolbova, and A. I. Shcheglov* 11
- Cesium-137 Root Uptake by Oat and Lettuce Test Crops from Radioactively Contaminated Chernozem under Model Experiment Conditions  
*T. A. Paramonova, N. V. Kuzmenkova, M. M. Godyaeva, V. R. Belyaev, M. M. Ivanov, and G. I. Agapkina* 18
- Study and Prediction of the Microelement Composition of Soils of Model Phytocenoses of Soil Lysimeters  
*M. V. Evdokimova, V. M. Gendugov, G. P. Glazunov, and I. O. Plekhanova* 26
- Effect of Amorphous Silicon Dioxide on Cadmium Behavior in the Soil–Rice Plant System  
*Pengbo Zhang, Yuqiao Liu, E. A. Bocharnikova, V. V. Matichenkov, D. M. Khomiakov, and E. P. Pakhnenko* 34

## Soil Biology

- Procedural Approaches to Field Determination of Root and Microbial Respiration Contribution to CO<sub>2</sub> Emission by Permafrost-Affected Soils  
*O. Yu. Goncharova, G. V. Matyshak, A. A. Bobrik, M. M. Udovenko, and A. R. Sefilian* 39
