

Articles

- MARIA, M., CAI, R., CASTILLO, P. & ZHENG, J.— Morphological and molecular characterisation of *Hemicriconemoides paracamelliae* sp. n. (Nematoda: Criconematidae) and two known species of *Hemicriconemoides* from China 403-422
- FORTUNER, R., LOUIS, P.-Y. & GENIET, D.— On the morphometric identity of populations of *Helicotylenchus pseudorobustus* (Steiner, 1914) Golden, 1956 (Tylenchida: Hoplolaimidae) 423-439
- SHOKOOHI, E., PANAH, H., FOURIE, H. & ABOLAFIA, J.— Studies on the morphology of *Macrolaimus arboreus* Truskova & Eroshenko, 1977 (Rhabditida: Chambersiellidae) from Iran 441-447
- PANAHANDEH, Y., POURJAM, E., ROSHAN-BAKHSH, A. & PEDRAM, M.— First record of the genus *Sakia* Khan, 1964 (Nematoda: Tylenchidae) from Iran, with proposal of *Sakia arboris* n. sp. 449-460
- MASLER, E.P.— Characterisation of the effects on proteases of *Heterodera glycines* and *Meloidogyne incognita* second-stage juveniles by inhibitors obtained from cysts of *H. glycines* 461-470
- YAGHOUBI, A., POURJAM, E. & PEDRAM, M.— *Paurodontella gilanica* n. sp. (Nematoda: Sphaerularioidea) from Iran 471-482
- PEDRAM, M., POURHASHEMI, M., HOSSEINZADEH, J. & KOOLIVAND, D.— Comments on taxonomic status and host association of some *Laimaphelenchus* spp. (Rhabditida: Aphelenchoidea) 483-489
- NAALDEN, D., VERBEEK, R. & GHEYSEN, G.— *Nicotiana benthamiana* as model plant for *Meloidogyne graminicola* infection 491-499

Book review

- KIEWNICK, S.— Perspectives in sustainable nematode management through *Pochonia chlamydosporia* applications for root and rhizosphere health. Sustainability in plant and crop protection (Rosa H. Manzanilla-López & Luis V. Lopez-Llorca (Eds)) 501-502
