

OPINION PAPER

**Challenges in monitoring and managing plant diseases in developing countries**

D. Klauser 235

REVIEW

**Chilli leaf curl virus disease: a serious threat for chilli cultivation**

H. Thakur · S.K. Jindal · A. Sharma · M.S. Dhaliwal 239

ORIGINAL ARTICLES

**Evaluation of extreme resistance genes of *Potato virus X* (*Rx1* and *Rx2*) in different potato genotypes**

H.O. Shaikhaldein · B. Hoffmann · I.A. Alaraidh · D.G. Aseel 251

**Transmission of *Tomato chlorotic dwarf viroid* by *Myzus persicae* assisted by *Potato leafroll virus***

T.T. Vö · H.-W. Dehne · J. Hamacher 259

**First detection and complete genome characterization of a Cherry (C) strain isolate of *plum pox virus* from sour cherry (*Prunus cerasus*) in Germany**

W. Jelkmann · D. Sanderson · C. Berwarth · D. James 267

**The socioeconomic benefits of biological control of western corn rootworm *Diabrotica virgifera virgifera* and wireworms *Agriotes* spp. in maize and potatoes for selected European countries**

E.O. Benjamin · G. Grabenweger · H. Strasser · J. Wesseler 273

**Evaluation of a new natural adjuvant obtained from locust bean gum to reduce the amount of copper necessary to control downy mildew of grapevine**

E. Lahoz · P. Tarantino · P. Mormile · M. Malinconico · B. Immirzi · M. Cermola · R. Carrieri 287

**Efficacy of different fungicides against the leaf spot of lettuce caused by *Allophoma tropica***

I. Pintore · G. Gilardi · A. Garibaldi · M.L. Gullino 297

***Colletotrichum coccodes* in potato and tomato leaves in Russia**

G.L. Belov · A.F. Belosokhov · I.A. Kutuzova · N.V. Statsyuk · E.M. Chudinova · A.V. Alexandrova · L.Y. Kokaeva · S.N. Elansky 311

**A new multiplex polymerase chain reaction assay for simultaneous detection of five soil-borne fungal pathogens in winter wheat**

B. Sun · Q. Chen · X. He · Y. Shi · S. Ding · H. Li 319

**Triplex real-time PCR detection of three quarantine *Phytophthora* pathogens infecting *Malus Miller***

F. Liao · Y. Zhang · L.-H. Zhu · B. Cao · D. Lv · J.-F. Luo · G.-R. Li 325

SHORT COMMUNICATION

**Real-time assays for detection of *Phytophthora* spp. and identification of an *avr3a* gene variant**

S.R.T. Tolba · M.M. Finetti Sialer · L.C. Rosso · M.M.A. Moustafa · C. Ruggeri · I.I.S. El-Shawaf · A. Ciancio 331
