Crop Production

Methodology of Breeding Ecologically Resistant Varieties of Oats <i>G. A. Batalova, S. N. Shevchenko, E. M. Lisitsyn, M. V. Tulyakova, I. I. Rusakova, V. A. Zheleznikova, and T. P. Gradoboeva</i>	1
Dependence of Various Oat Ecotypes' Yield Capacity on Climatic Factors in the Middle Amur Region <i>T. A. Aseeva and I. B. Melnichuk</i>	5
Salicylic Acid Induced Changes on Some Physiological Parameters Symptomatic for Oxidative Stress in Maize (<i>Zea mays</i> L.) Grown under Cinnamic Acid Stress <i>Vijaya Yadav, Himani Singh, Ajey Singh, Imtiyaz Hussain, and N. B. Singh</i>	9
Ecological Environmental Variability Influence Growth and Yield Potential of Rice under Northern Climatic Scenario <i>Imran</i>	18
The Nutrition Influence of Nitrogen Fertilizers on the Sugar Content of Sweet Sorghum Plants in the Southeast of Kazakhstan <i>N. K. Nokerbekova, A. A. Zavalin, Ye. T. Suleimenov, and R. K. Zhapayev</i>	25
Agronomic Evaluation of Legume Cover Crops for Sustainable Agriculture <i>Giliane Aparecida Vicente da Silva Souza, Tancredo Augusto Feitosa de Souza, Djail Santos, Elica Santos Rios, and Gilmara Juliana de Lima Souza</i>	31
Salinity Effect of Animal Manure on Leafy Vegetable Yield <i>A. O. M. Okorogbona, W. van Averbek, and O. J. Azeez</i>	39

Radiobiology

The Effect of Cadmium Toxicity on the Development of Lettuce Plants on Contaminated Sod-Podzolic Soil <i>N. N. Loi, N. I. Sanzharova, N. I. Shchagina, and M. P. Mironova</i>	49
---	----

Agrochemistry. Soil Science

Efficacy of Biopreparations for Spring Wheat in the European Part of Russia against Different Backgrounds of Mineral Nutrition <i>A. A. Alferov, L. S. Chernova, and A. P. Kozhemyakov</i>	53
Influence of Biofertilizers and Liming on Vetch–Oat Mixture Productivity and Change in Sod-Podzolic Soil Microbocenosis <i>A. N. Naliukhin, A. A. Zavalin, O. V. Siluyanov, and D. A. Belozherov</i>	58
Phosphorus of Genetic Horizons of the Forest Sod-Podzolic Soil of the Pre-Urals <i>N. E. Zavyalova, M. T. Vasbieva, D. S. Fomin, and I. S. Teterlev</i>	64
Genetic Features and Diagnostics of Alluvial-Meadow Soils in the Floodplains of Azerbaijan <i>V. G. Hasanov</i>	68

Animal Husbandry

Effects of Low-Protein Diets with Different Levels of Essential Amino Acids and Metabolizable Energy on Productivity and Metabolic Processes in Pigs <i>N. S.-A. Niyazov and B. D. Kalnitsky</i>	75
--	----

Development and Application Technology of High-Energy Feed and Its Influence on the Ruminant Digestion and Milk Production of High-Yielding Cows <i>I. Yu. Ermakov, Yu. P. Fomichev, E. L. Kharitonov, and N. N. Sulima</i>	80
Immunogenetic Characteristics of Holstein Cattle Reared on Sakhalin <i>E. B. Shukurova</i>	87
Reduce Heat Stress in Broiler by Adding Onion <i>D. Al-Ramamneh</i>	92

Veterinary Science

Antiviral Activity of Allokin-Alpha against Herpesvirus in Birds <i>Ya. Ya. Tyno, E. I. Jarigina, V. A. Ustinova, M. T. Vidrashko, G. V. Morosova, and E. V. Bakaeva</i>	97
---	----

Modeling

Hydrophysical Characteristics of Sand Soils: Modeling the Restoration of Water-Retaining Capacity <i>A. N. Salugin and A. K. Kulik</i>	101
---	-----

Mechanization

Automated Multifunctional Tillage Machine <i>B. Kh. Akhalaya and Yu. Kh. Shogenov</i>	105
Improving the Design of the Grain Combine Harvester Cleaner <i>N. V. Aldoshin and N. A. Lylin</i>	108
