**Research Articles**

Are species photosynthetic characteristics good predictors of seedling post-hurricane demographic patterns and species spatiotemporal distribution in a hurricane impacted wet montane forest?

*D. Luke and K. McLaren*

Pollination and reproduction of an invasive plant inside and outside its ancestral range

*T. Petanidou, M.V. Price, J.L. Bronstein, A. Kantsa, T. Tscheulin, R. Kariyat, N. Krigas, M.C. Mescher, C.M. De Moraes and N.M. Waser*

Differences in functional traits between invasive and native *Amaranthus* species under simulated acid deposition with a gradient of pH levels

*C. Wang, B. Wu, K. Jiang and J. Zhou*

The effects of overwintering and habitat type on body condition and locomotion of the wolf spider *Pardosa alacris*

*K. Ingle, Á. Horváth, N. Gallé-Szpisjak, L. Gellért, E. Csata and R. Gallé*

Seasonal growth and translocation of some major and trace elements in two Mediterranean grasses (*Stipa tenacissima* Loeffl. ex L. and *Lygeum spartum* Loeffl. ex L.)

*B. Nedjimi*
