

JOURNAL OF BERRY RESEARCH
Volume 8, Number 3, 2018

CONTENTS

<i>V. Ferreira, I. Castro, D. Carrasco, O. Pinto-Carnide and R. Arroyo-García</i> Molecular characterization of berry skin color reversion on grape somatic variants	147
<i>P. Pan, Y.-W. Huang, K. Oshima, M. Yearsley, J. Zhang, J. Yu, M. Arnold and L.-S. Wang</i> An immunological perspective for preventing cancer with berries	163
<i>M.L. Montecchiarini, F. Bello, M.F. Rivadeneira, D. Vázquez, F.E. Podestá and K.E.J. Tripodi</i> Metabolic and physiologic profile during the fruit ripening of three blueberries highbush (<i>Vaccinium corymbosum</i>) cultivars	177
<i>T.Y. Forbes-Hernández, S. Afrin, D. Cianciosi, P.P. Manna, J. Zhang, M. Gasparini and P. Reboredo-Rodríguez</i> Strawberry extract attenuates oxidative stress in 3T3-L1 cells	193
<i>B. Mezzetti, F. Giampieri, Y.-t. Zhang and C.-f. Zhong</i> Status of strawberry breeding programs and cultivation systems in Europe and the rest of the world	205
<i>K.S. Alarcón-Barrera, D.S. Armijos-Montesinos, M. García-Tenesaca, G. Iturralde, T. Jaramilo-Vivanco, M.G. Granda-Albuja, F. Giampieri and J.M. Alvarez-Suarez</i> Wild Andean blackberry (<i>Rubus glaucus</i> Benth) and Andean blueberry (<i>Vaccinium floribundum</i> Kunth) from the Highlands of Ecuador: Nutritional composition and protective effect on human dermal fibroblasts against cytotoxic oxidative damage	223
