

CONTENTS

Volume 26 Number 4 2018

Effect of Composted Greenwaste and Rockwool on Plant Growth of Okra, Tomato, and Chili Peppers <i>Namratha Reddy and David M. Crohn</i>	217
Growth and Fruit Chemical Characteristics of Blackberry (<i>Rubus Fruticosus</i>) Cultivated with Vermicompost, <i>Glomus Mosseae</i> , and Phosphate Rock <i>Miguel Abud-Archila, María Celina Luján-Hidalgo, Jaeni Mibeth López-Pérez, Josué Ordaz-Rivera, Víctor Manuel Ruíz-Valdiviezo, María Ángela Oliva-Llaven, and Federico Antonio Gutiérrez-Miceli</i>	225
Development and Assessment of Exceptional Quality Biosolids Products for Urban Gardens <i>Odiney Alvarez-Campos, Gregory K. Evanylo, and Mike J. Badzmirowski</i>	232
Influence of Composted Wastewater Sludge (CWS) on Lead and Copper Uptake by Radish (<i>Raphanus sativus</i> L.) <i>Kefa Karimu Onchoke, Isai T. Urasa, and Barbara G. Shipes</i>	244
Genetic Analysis and In Vitro Enzymatic Determination of Bacterial Community in Compost Teas from Different Sources <i>Fernando Diáñez, Francisco Marín, Mila Santos, Francisco J. Gea, María J. Navarro, Maximino Piñeiro, and Juan M. González</i>	256
Compost Cation Exchange Capacity via Portable X-Ray Fluorescence (PXRF) Spectrometry <i>Bin Li, Somsuhra Chakraborty, Maria Fernanda Godoy Sosa, Nana Yaw O. Kusi, and David C. Weindorf</i>	271
Effect of Vermicompost Tea on Faba Bean Growth and Yield <i>Wissem Chaichi, Zahreddine Djazouli, Bachar Zebib, and Othmane Merah</i>	279
Preplant Soil Incorporation of Compost to Mitigate Replant Disease: Soil Biological Factors Associated with Plant Growth Promotion in Orchard Soil <i>Tristan T. Watson, Louise M. Nelson, and Tom A. Forge</i>	286
Correction	297
