

Silicon-enhanced resistance of plants to biotic stresses <i>N. Sakr</i>	125
Comparative pathogenicity of <i>Colletotrichum</i> spp. against different varieties of strawberry plants (<i>Fragaria ananassa</i>) widely grown in Morocco <i>H. El Kaissoumi, N. Mouden, M. Chliyah, R. Benkirane, A. Ouazzani Touhami and A. Douira</i>	143
Investigation of polyphenol resistance of <i>Aspergillus flavus</i> on cornmeal media <i>Szilvia Kovács and Tünde Pusztahelyi</i>	163
Interaction between <i>Triticum aestivum</i> plants and four <i>Fusarium</i> head blight species on the level of pathogenicity: detected in an <i>in vitro</i> petri-dish assay <i>N. Sakr</i>	171
Diversity of endomycorrhizal fungi in the rhizosphere of chickpea in Morocco <i>N. El Hazzat, M. Artib, J. Touati, M. Chliyah, K. Selmaoui, A. Ouazzani Touhami, R. Benkirane and A. Douira</i>	181
Effects of zinc oxide nanoparticles (ZnO NPs) and some plant pathogens on the growth and nodulation of lentil (<i>Lens culinaris</i> Medik.) <i>Z. A. Siddiqui, A. Khan, M. R. Khan and E. F. Abd-Allah</i>	195

INSECT PESTS

Efficiency of some medicinal plant extracts and an entomopathogenic fungus, <i>Metarhizium anisopliae</i> separately and in combination with Proteus® against the large cabbage butterfly, <i>Pieris brassicae</i> L. <i>F. Khorrami, A. Soleymanzade, Y. Ghosta and F. Poushand</i>	213
Composition, repellent and fumigant toxicity of <i>Mentha longifolia</i> essential oil on <i>Tetranychus urticae</i> and three predatory mites of the family Phytoseiidae (Acari: Tetranychidae: Phytoseiidae) <i>F. M. Momen, M. M. Abdelkader and S. F. Fahim</i>	221

The effect of date palm tissue and aggregation pheromone on attraction and trapping of red palm weevil, <i>Rhynchophorus ferrugineus</i> Oliv. (Col.: Dryophthoridae) <i>K. Mohammadpour, A. Avand-Faghih and A. Hosseini-Gharalari</i>	233
Studying the efficacy of fipronil (WG 80%) against alfalfa weevil, <i>Hypera postica</i> (Coleoptera: Curculionidae) <i>K. Mohammadpour, M. Jafarlu and H. Soltani</i>	241
The invasive flat mite, <i>Brevipalpus californicus</i> (Banks, 1904) in Hungary: Notes to the morphology, new locality and new host <i>J. Kontschán and G. Ripka</i>	247
First record of <i>Penthalodes ovalis</i> (Dugès, 1834) in agricultural area with notes on its pest status (Acari: Penthalodidae) <i>J. Kontschán, M. Lorne and S. Kreiter</i>	253
Field response of two cetoniin chafers (Coleoptera, Scarabaeidae) to floral compounds in ternary and binary combinations <i>Zsófia Lohonyai, J. Vuts, J. Fail, M. Tóth and Z. Imrei</i>	259
