

Contents

NUMBER 1

DISEASES

- Aggressiveness variation among and within *Fusarium* head blight species on barley *in vitro*
N. Sakr 1
- Evaluation of two storage methods for fungal isolates of *Fusarium* sp. and *Cochliobolus sativus*
N. Sakr 11
- Identification of antagonistic bacteria isolated from Thai fermented soybean (*Thua nao*) for
biocontrol of *Lasiodiplodia theobromae*
E. Chukeatirote, K. Niraphai, U. Sardsud and S. Popluechai 19

INSECT PESTS

- Fumigant toxicity of tarragon (*Artemisia dracunculus* L.) and dill (*Anethum graveolens* L.)
essential oils on different life stages of *Trialeurodes vaporariorum* (Westwood)
M. Mousavi, N. Maroufpoor and O. Valizadegan 29
- Effects of abamectin on two spotted spider mite and *Trichogramma brassicae* and efficacy of
its residual effects applied on the bean plants
L. Ebrahimi and M. Shiri 43
- Study of the family Dolichopodidae in grasslands of Miandoab county, Iran
E. Hamed, S. Khaghaninia and F. Kazerani 51
- Supplementary description of *Aculus scutellariae* (Canestrini et Massalongo, 1895) (Acari-
formes: Eriophyoidea) from Hungary
G. Ripka 57
- Recent data to the jumping plant-lice fauna of Hungary (Hemiptera: Psylloidea)
G. Ripka, Gy. Csóka and L. Érsek 67
- New data on some Coccinellidae (Coleoptera) from Iran
R. Abdolahi, O. Nedvěd and J. Nozari 83
- The mango shield scale, *Milviscutulus mangiferae* (Green) (Hemiptera: Coccidae) – A new
invasive soft scale in Egypt
S. Abd-Rabou and G. A. Evans 91
- First record of the family Penthaleidae (Acari) in Hungary: Morphological and molecular
approaches of the Hungarian *Penthaleus cf. major* (Dugès, 1837)

<i>J. Kontschán, R. Albert, K. Almási, V. Kerezi and I. Tóbiás</i>	97
<i>Cosmolaelaps keni</i> a polyphagous predatory mite on various insect and mite species (Acari: Laelapidae) <i>F. M. Momen, A. S. Metwally, A. K. Nasr, M. Gesraha, Y. A. Mahmoud</i> and <i>K. H. M. Saleh</i>	111
