

- Brainwave measurements for lay activities with real and artificial ornamental plants  
A. Hassan Chen Qi bing Jiang Tao , 199
- Exploring the expression of defence-related genes in *Actinidia* spp. after infection with  
*Pseudomonas syringae* pv. *actinidiae* and pv. *actinidifoliorum*: first steps  
M. Nunes da Silva J. Machado G.M. Balestra A. Mazzaglia M.W. Vasconcelos  
S.M.P. Carvalho , 206
- Genomic predictions in diploid *Actinidia chinensis* (kiwifruit)  
C.-H. Cheng P.M. Datson E. Hilario C.H. Deng K.I. Manako M. McNeilage  
M. Bomert K. Hoeata , 213
- Comparison of indigenous and selected mycorrhiza in terms of growth increases and  
mycorrhizal dependency of sour orange under phosphorus and zinc deficient soils  
I. Ortas , 218
- Multi-response optimization of postharvest treatments to maintain quality of  
longan 'Huong Chi' during cold storage  
Dinh T. Tran M. Hertog B.M. Nicolai , 226
- Un-rooted grafted cuttings for eggplant plug-transplant production and shipping:  
simulated transportation and healing requirements  
L. Sabatino F. D'Anna G. Iapichino , 237
- Low air humidity during cultivation promotes stomatal closure ability in rose  
D. Fanourakis H. Giday B. Hyldgaard D. Bouranis O. Körner C.-O. Ottosen , 245
