“Current-IPM-Fit”: a new proposal for enhanced efficacy labelling of plant protection products

E. Böckmann · F. Feldmann · U. Vogler 385

Correction to: “Current-IPM-Fit”: a new proposal for enhanced efficacy labelling of plant protection products

E. Böckmann · F. Feldmann · U. Vogler 391

REVIEW

Rubus stunt: a review of an important phytoplasma disease in *Rubus* spp.

H. Linck · A. Reineke 393

ORIGINAL ARTICLES

Important invasive species and its pest status in Turkey: *Halymorpha halys* (Stål) (Heteroptera: Pentatomidae)

K. Ak · M. Uluca · Ö. Aydın · T. Gokturk 401

Identification of plant-parasitic nematodes associated with cut flowers

E. Sert Çelik · T. Özalp · İ. Mistanoğlu · Z. Devran 409

Population fluctuations of the citriculus mealybug, *Pseudococcus cryptus* Hempel (Hemiptera: Pseudococcidae), in citrus orchards of Samandağ, Hatay, Turkey

S. Telli · A. Yiğit 421

Correction to: Population fluctuations of the citriculus mealybug, *Pseudococcus cryptus* Hempel (Hemiptera: Pseudococcidae), in citrus orchards of Samandağ, Hatay, Turkey

S. Telli · A. Yiğit 427

Comparison of wetness sensors and the development of a new sensor for apple scab prognosis

K. Ehlert · L. Himmelmann · J. Beinhorn · A. Kollar 429

Bioefficacy of compounds from *Dittrichia viscosa* (Asteraceae) as protectant of chickpea seeds against the cowpea seed beetle *Callosobruchus maculatus* (Coleoptera: Chrysomelidae)

F. Gueribis · N. Zermane · O. Khalfi-Habess · A. Siafa · A. Cimmino · A. Boari · A. Evidente 437

Mutations in target genes of succinate dehydrogenase inhibitors and demethylation inhibitors in *Ramularia collo-cygni* in Europe

A. Rehfus · P. Matusinsky · D. Strobel · R. Bryson · G. Stammler 447

The reproductive behavior and evaluation of sex pheromone gland extracts of *Ectropis grisescens* (Lepidoptera: Geometridae)

T. Ma · C. Zhu · Y. He · Q. Xiao · X. Wen 461

SHORT COMMUNICATIONS

Does Qol (strobilurin) resistance in isolates of *Puccinia horiana*, the causal agent of chrysanthemum white rust, occur in western Japan?

S. Matsuura 469

First report of *Aplosporella javeedii* causing branch blight disease of Mulberry (*Morus alba*) in China

H. Jia · Z. Liu · S. O. · C. Yao · J. Chen · A. Dong · X. Liu 475

Morphological and molecular identification of *Eutypa lata* on grapevine in Serbia

S. Živković · T. Vasić · M. Ivanović · D. Jevremović · J. Marković · V. Trkulja 479

First report of *Pseudomonas aeruginosa* causing tumor disease of *Populus koreana* in China

Z. Liu · J. Han · Z. Liu · X. Zhang · J. Chen · A. Dong · X. Liu 485

CORRECTION

Correction to: Biological, environmental and socioeconomic threats to citrus lime production

P. Donkersley · F.W.S. Silva · C.M. Carvalho · A.M. Al-Sadi · S.L. Elliot 489
