

# PLANT DISEASE RESEARCH

## VOLUME 34(1)

### CONTENTS

#### Mini Review

- Fusarium wilt of pea - A mini review 1  
*S.K. Gupta and Meenu Gupta*

#### Fungal Pathology

- Pathogenic variability of *Albugo candida* isolates from Punjab causing white rust disease of mustard 10  
*Gurinder Chhabra, Prabhjodh Singh Sandhu and Pankaj Sharma*
- Variability in *Phytophthora nicotianae* var. *parasitica* causing buckeye rot on tomato in North-western Himalayas 16  
*Gurpreet Kaur, A.B. Malannavar and D.K. Banyal*
- Effect of post-harvest treatments on surface micro-flora density of apple fruits 22  
*Kishor Sharma and Harender Raj*
- Efficacy of fungicides for the management of coconut leaf blight 29  
*C. Ushamalini, P. Ashok Kumar and S. Parthasarathy*
- Epidemiology of black fruit spot (*Alternaria alternata*) disease of ber in Punjab: An agrometeorological approach 36  
*Manjot Kaur, S.K. Thind and Anita Arora*
- Yield loss assessment in French bean due to rust (*Uromyces appendiculatus*) in Himachal Pradesh 41  
*Banita Devi, S.K. Gupta and Gurvinder Singh*
- Effect of different chemicals on seedling mortality and root rot in American cotton 45  
*Daljeet Singh Buttar, Narinder Singh and Ajay Kumar Choudhary*
- Effect of biocontrol agents against *Pyricularia oryzae* causing paddy blast 48  
*Dimple Rana and Y.S. Paul*
- Efficacy of organic products against *Fusarium oxysporum* f. sp. *ciceris* 51  
*Rahul Pathania, B.R. Thakur and Dimple Rana*
- Variability of *Albugo candida* causing white rust in rapeseed and mustard under Manipur conditions 54  
*Tusi Chakma, Bireswar Sinha, C. Lalhruaitluangi, Kota Chakrapani and W. Tampakleima Chanu*

#### Bacteriology

- Management of bacterial leaf blight disease of cluster bean in semi-arid tropic of Rajasthan 58  
*R.K. Bagri, S.K. Goyal, J. Singh and S.S. Shekhawat*

## **Virology**

Resistance in sugarcane genotypes against yellow leaf disease 61  
*Pawan K. Amrate, A.K. Choudhary, A. Chatterjee and D. K. Bajoriya*

Viral diseases – Threat to large cardamom plantation in Anjaw District of Arunachal Pradesh 65  
*Senpon Ngomle, H. Kalita, Rebecca Eko and Manish Kanwat*

## **Short Communications**

Prevalence, distribution and symptomatology of bacterial canker of tomato in Himachal Pradesh 70  
*Suman Kumar, Divyanshi Bhatti, Sanjay Kumar and Ravinder Singh*

Status of dieback disease of mango in subtropical zone of Himachal Pradesh 74  
*Rakesh K. Mandradia*

Factors affecting the growth of *Botrytis cinerea* and development of capsicum gray mould under protected cultivation 76  
*A.K.Mehra, A.B.Malannavar and D.K.Banyal*

News - Inception of 'Dr. T.S. Thind Distinguished Plant Pathologist Award' 79
