

ALLELOPATHY JOURNAL

Volume 47

Number 2

July 2019

REVIEWS

- M. Liu and L.J. Zhou (China). Plant Autotoxicity Review. Part 2: Families Caryophyllaceae to Leguminosae 149

RESEARCH PAPERS

- H.B. Wang, Q. Zhang, Z.H. Lin, J.Y. Li, S.X. Lin, L. Ding, H.B. He (China). Physiological and molecular features of allelopathic and non-allelopathic rice in response to weed competition 167
- Yu, N.X., Li, C.W., Zhu, P., Zhang, J.L., Zhang, P. and Hou, Y.P (China). Allelopathic effects of *Robinia pseudoacacia* and *Quercus acutissima* on the exotic plant *Rhus typhina* in Shandong Peninsula 181
- P.D. Chen, Y.P. Hou, W. Wei, X. Lu, L.P. Han and G.Y. Ni (China). Allelopathic effects of seven common species on the growth of alien invasive plant *Phytolacca americana* 195
- S. Su, Z.F. Wang, Y.F. Zeng, X.H. Shi, H. Yang, H.Q. Cao, X.X. Wang and Y. Li (China). Herbicidal activity of allelochemicals from the root bark of *Periploca sepium* Bunge 209
- E. Latkowska, J. Bialczyk, M. Węgrzyn and U. Erychleb (Poland). Host species affects the phenolic compounds content in *Hypogymnia physodes* (L.) Nyl. thalli 221
- J.S. Tang, C.Y. Jiang, Y. Liu, X.Y. Zhang, H. Shao and C. Zhang (China). Allelopathic potential of volatile organic compounds released by *Xanthium sibiricum* Patr. ex Widder 233
- Charu Maini, Ritu Tandon, Anu Kalia and Harpreet Kaur (India). Chemical characterization and antimycotic potential of *Azadirachta indica* L. leaf extracts against *Penicillium digitatum* of kinnow fruit 243
- X.G. Zhou, J. Wang, X. Jin, D.L. Li, Y.J. Shi and F.Z. Wu (China). Effects of selected cucumber root exudates components on soil *Trichoderma* spp. communities 257
- Pablo Souza-Alonso, Carolina González Puig and Luís González (Portugal). Plant responses to wide-range polarity extracts from invasive *Acacia dealbata* Link 267
- Qian Li, Zh. J. Sun, Sh. X. Zhang, J.L. Liu and K.M. Zhang (China). Allelopathic effects of *Juglans regia* L. leaf extracts on seedling growth of *Isatis tinctoria* L. 283
