

**JOURNAL OF BERRY RESEARCH**  
**Volume 9, Number 1, 2019**

**CONTENTS**

<i>P. Dolkar, D. Dolkar, A. Kant, O.P. Chaurasia and T. Stobdan</i> Gender differences in phenotypic plasticity and adaptive response of Seabuckthorn ( <i>Hippophae rhamnoides</i> L.) along an altitudinal gradient in trans-Himalaya	1
<i>Y. He, S.K. Bose, M. Wang, T. Liu, W. Wang, H. Lu and H. Yin</i> Effects of chitosan oligosaccharides postharvest treatment on the quality and ripening related gene expression of cultivated strawberry fruits	11
<i>B. Daneshmand, S. Eshghi, A. Gharaghani and H. Eshghi</i> Growth, mineral nutrient composition, and enzyme activity of strawberry as influenced by adding urea and nickel to the nutrient solution	27
<i>I.C. Zapata, A.F. Álzate, K. Zapata, J.P. Arias, M.A. Puertas and B. Rojano</i> Effect of pH, temperature and time of extraction on the antioxidant properties of <i>Vaccinium meridionale</i> Swartz	39
<i>H.G. Choi and N.J. Kang</i> Effect of light and carbon dioxide on photosynthesis, chlorophyll fluorescence, and fruit yield in strawberry ( <i>Fragaria</i> × <i>ananassa</i> Duch.) plants	51
<i>E. Revilla, D. Carrasco, A. Benito and R.A. Arroyo-García</i> Anthocyanin fingerprint of different genotypes of wild grapes ( <i>Vitis vinifera</i> spp. <i>sylvestris</i> (Gmelin) Hegi)	63
<i>N. Aghaiee, L. Zarei and K. Cheghamirza</i> Evaluation of some morpho-physiological characteristics in strawberry under different moisture stress regimes	83
<i>P. Lipińska, A.G. Atanasov and A. Jóźwik</i> Effects of polyphenol-rich chokeberry pomace feeding on antioxidant enzymes activity and oxidation-related parameters in lamb muscle tissues	95
<i>J. Zhang, J. Xiao, F. Giampieri, T.Y. Forbes-Hernandez, M. Gasparini, S. Afrin, D. Cianciosi, P. Reboredo-Rodríguez, M. Battino and X. Zheng</i> Inhibitory effects of anthocyanins on $\alpha$ -glucosidase activity	109
<i>A.W.K. Yeung, N.T. Tzvetkov, G. Zengin, D. Wang, S. Xu, G. Mitrović, M. Brnčić, S. Dall'Acqua, V. Pirgozliev, A. Kijjoo, M.I. Georgiev and A.G. Atanasov</i> The berries on the top	125
