

THE JOURNAL OF
**Horticultural
& Science
Biotechnology**

VOLUME 94

ISSUE 3

MAY 2019

Centenary Review

- 277 Vertical farming: a summary of approaches to growing skywards
Andrew M. Beacham, Laura H. Vickers and James M. Monaghan

Articles

- 284 Development and applicability of GBS approach for genomic studies in Japanese plum (*Prunus salicina* Lindl.)
Juan Alfonso Salazar, Igor Pacheco, Claudia Silva, Patricio Zapata, Paulina Shinya, David Ruiz, Pedro Martínez-Gómez and Rodrigo Infante
- 295 Cloning and *in silico* and expression analyses of the heterotrimeric G protein α subunit gene (*EJLGA1*) from loquat (*Eriobotrya japonica*) fruits under cold storage with different pretreatments
Ti Wu, Shoukai Lin, Bisha Wu, Yu Chen, Suying Lin, Dahe Lin, Linxia Chen, Zhisheng Zhang and Jincheng Wu
- 305 Cloning and identification of novel miRNAs in the flower organs of Korla fragrant pear at anthesis
Li Ma, Chenjing Li, Jianxin Niu, Maosong Pei, Fujun Cao and Shaowen Quan
- 317 Transcriptome analysis of *Lilium Oriental* \times *Trumpet* hybrid roots reveals auxin-related genes and stress-related genes involved in picloram-induced somatic embryogenesis induction
Minmin Chen, Jianjun Zhang, Yin Zhou, Shuigen Li, Xiaofen Fan, Liuyan Yang, Yuan Guan and Yongchun Zhang
- 331 Genome-wide identification of citrus CAMTA genes and their expression analysis under stress and hormone treatments
Jing Zhang, Xiaoting Pan, Ting Ge, Shilai Yi, Qiang Lv, Yongqiang Zheng, Yanyan Ma, Xiaogang Liu and Rangjin Xie
- 341 Inheritance of fertility restoration of male-sterility conferred by cytotype Y and identification of instability of male fertility phenotypes in onion (*Allium cepa* L.)
Bongju Kim, Cheol-Woo Kim and Sunggil Kim
- 349 *De novo* transcriptome combined with spectrophotometry and gas chromatography-mass spectrometer (GC-MS) reveals differentially expressed genes during accumulation of secondary metabolites in purple-leaf tea (*Camellia sinensis* cv Hongyafoshou)
Yuqiong Guo, Xiaojun Chang, Chen Zhu, Shuting Zhang, Xiaozhen Li, Haifeng Fu, Changsong Chen, Yuling Lin and Zhongxiong Lai
- 368 Biochemical composition of different table grape cultivars produced in Slovenia
Maja Mikulic-Petkovsek, Andreja Skvarc and Denis Rusjan

Review

- 378 Effects of artificial light sources on accumulation of phytochemical contents in hydroponic lettuce
Eaknarin Ruangrak and Weeraya Khummueng
- 389 Effect of salt stress on terpenoid biosynthesis in *Salvia mirzayanii*: from gene to metabolite
Marzieh Valifard, Sasan Mohsenzadeh, Bahman Kholdebarin, Vahid Rowshan, Ali Niazi and Ali Moghadam
- 400 Physiological and anatomical responses of calendula (*Calendula officinalis* L.) cultivars to heat-stress duration
Tayebeh Nazdar, Ali Tehranifar, Ahmad Nezami, Hosein Nematy and Leila Samiei
- 412 Corrigendum
