

CONTENTS

Articles

- SERGEEVA, N.G., SHADRIN, N.V. & ANUFRIIEVA, E.V.— Long-term changes (1979-2015) in the nematode fauna in Sivash Bay (Sea of Azov), Russia, worldwide the largest hypersaline lagoon, during salinity transformations 337-347
- IMRAN, Z., ABOLAFIA, J., PEÑA-SANTIAGO, R. & AHMAD, W.— Morphological and molecular characterisation of *Moshajia idiofora* Siddiqi, 1982 (Dorylaimida: Qudsianematidae), with new insights into the phylogeny of the enigmatic Lordellonematinae 349-360
- KANZAKI, N., MASUYA, H., ICHIHARA, Y., MAEHARA, N., AIKAWA, T., EKINO, T. & IDE, T.— *Bursaphelenchus carpini* n. sp., *B. laciniatae* n. sp. and *B. cryphali okhotskensis* n. subsp. (Nematoda: Aphelenchoididae) isolated from Japan 361-388
- KITAGAMI, Y., KANZAKI, N., TANIKAWA, T. & MATSUDA, Y.— Free-living nematodes associated with pine cones of *Pinus thunbergii* and *P. taeda* at Japanese coastal and inland forest sites 389-400
- LAWILAO, J.G., SWAMY, B.P.M., KUMAR, A., CABASAN, M.T.N. & DE WAELE, D.— Mapping quantitative trait loci of *Meloidogyne graminicola* resistance and tolerance in a recombinant inbred line population of *Oryza glaberrima* × *O. sativa* 401-417
- JAHANSHAHI AFSHAR, F., POURJAM, E. & PEDRAM, M.— New morphological observations on *Neolobocriconema serratum* (Khan & Siddiqi, 1963) Mehta & Raski, 1971 (Rhabditida: Criconematidae) 419-434
- ESMAEILI, M., HEYDARI, R., GOLHASAN, B. & YE, W.— Molecular phylogenetic study of *Bealius* Massey & Hinds, 1970 (Nematoda: Hexatyliina: Sphaerulariidae), with description of *B. pinus* n. sp. from Iran 435-444
