

**Journal of Agricultural Science and Technology
(JAST) University of Tarbiat Modarres**

1	Cost-Benefit Analysis of Tomato Crops under Different Greenhouse Covers J. Lopez-Marin , M. Rodriguez , F. M. Del Amor , A. Galvez , J. M. Brotons-Martinez
2	Pro-Environmental Behaviours among Agricultural Students: An Examination of the Value-Belief-Norm Theory S. Karimi
3	Relationship between Organizational Citizenship Behaviour and Empowerment among Extension Experts R. Dinpanah , N. Naeimian
4	Sustainable Aquaculture System: Institutional Scientific Collaboration Network in Alborz Watershed, Iran E. Gholifar , E. Abbasi , A. Rezaei
5	Evaluating Potential of Artificial Neural Network and Neuro-Fuzzy Techniques for Global Solar Radiation Prediction in Isfahan, Iran S. Taghadomi-Saberi , S. J. Razavi
6	Prediction and Optimization of Fish Biodiesel Characteristics Using Permittivity Properties M. Zarein , M. H. Khoshtaghaza , B. Ghobadian , H. Ameri Mahabadi
7	Antifungal Activity of Pistacia eurycarpa Yalt. Essential Oil on Aspergillus flavus by Direct Addition and Vapor Contact K. Amini , S. Bahramian
8	Comparative Evaluation of Chemical Compositions and Biological Activities of Wild and Cultivated <i>Froriepia subpinnata</i> L. Essential Oils F. Mirzania , Y. Sarrafi , M. Moridi Farimani
9	Effect of Extraction and Processing Conditions on the Water-Soluble Vitamins of Barberry Fruits S. Berenji Ardestani , M. A. Sahari , M. Barzegar
10	Evaluation of <i>Zataria multiflora</i> Boiss. and <i>Carum copticum</i> L. Essential Oil Based Nanoemulsions in Inhibition of <i>Byssoschlamys fulva</i> Growth in Apple Juice S. Sahraneshin Samani , S. Soleimani-Zad , M. Sheikh-Zeinoddin , M. Fathi

11	Nutritional, Anti-Nutritional, and Antioxidant Properties of Several Wild Almond Species from Iran M. Hosseinzadeh , A. Moayedi , H. Chudar Moghaddas , K. Rezaei
12	Residue Content of Chlorpyrifos Applied to Greenhouse Cucumbers and Its Reduction during Pre-Harvest Interval and Post-Harvest Household Processing N. Hassanzadeh , N. Bahramifar
13	Isolation and Characterization of Indigenous Endotoxin-Forming Bacillus sp. with Insecticidal Activity from Northern Iranian Soil R. Heidari , M. Zeinali
14	Biochemical Responses of Some Common Bean (<i>Phaseolus vulgaris</i> L.) Genotypes to Drought Stress M. Mombeni , A. Abbasi
15	Comparative Chemical Composition Analysis of Essential Oils in Different Populations of Damask Rose from Iran Z. Toluei , S. A. Hosseini Tafreshi , M. Arefi Torkabadi
16	Energy Requirement for Manual Cassava Harvesting on Coarse Textured Soils in Ibadan, Nigeria E. A. Aiyelari , S. O. Oshunsanya , O. Aliku , T. N. Akomolafe
17	Enhanced Production of Fruiting Body and Bioactive Ingredients of <i>Cordyceps militaris</i> with LED Light Illumination Optimization S. C. Chao , S. L. Chang , H. C. Lo , W. K. Hsu , W. T. Lin , T. H. Hsu
18	Diversity and Population Structure Analysis of Faba Bean (<i>Vicia faba</i> L.) Accessions Using SSR Markers N. A. Tahir , D. A. Omar , D. D. Lateef , D. A. Ahmad , S. H. Salih , L. Hiwa Khal
19	Differential Expression Profiles of Tomato miRNAs Induced by Tobacco Mosaic Virus A. Abdelkhalek , N. Sanan-Mishra
20	Reference Evapotranspiration Estimation Using Locally Adjusted Coefficient of Angstrom's Radiation Model in an Arid-Cold Region M. Raouf , J. Azizi Mobaser
